MANY OBSTACLES CONFRONT TARIFF

Foreigners Protest to Certain Features of the Underwood Bill

PERPLEXING PROBLEMS ARISE

Chairman Simons Will Discuss the Issues With Secretary Bryan—The Cabinet Considers Situation at Length.

Washington, May 27.—Chairman Simmons, of the Senate Finance committee, will call at the State Department tomorrow to discuss with Secretary Bryan the perplexing problems which have arisen because of foreign protests to administrative features of the tariff bill. Nearly the entire time of today's cabinet meeting was devoted to the phase of the situation.

Senator Simmons, after arranging today for a conference with the Secretary of State, admitted that numerous protests had been filed with the committee for Germany, France, Great Britain and other countries. He said that before the committee took action relating to them, the whole question would be thoroughly discussed with the State Department.

Complaints have been made that certain clauses of the Underwood bill would abrogate treaties with foreign countries. It was reported that the German ambassador would soon bring to Washington a protest against the provision which would grant a 5 per cent. discount in the tariff on imports in American owned or controlled vessels. There have been intimations that President Wilson would not object to an elimination of this provision which is said to be held by Germany to violate the commerce and navigation treaty of 1828. Ambassador Jusserand, of France, also has lodged protests which the Finance committee chaiman and State Department heads will discuss.

Tariff hearings by the Senate Finance sub-committees which have been in progress for nearly a month, closed tonight and tomorrow will begin the actual work of revising the schedules as they came from the House.

With the close of the hearings, the tariff became the subject of discussion in the Senate enlivened by reference to President Wilson's denunciation of tariff lobbyists and another tilt between Democratic Senators on the sugar question.

Senator Thomas, of Colorado, in a speech during which he declared he would support the Underwood bill as it comes from the Finance committee branded as a false reflection of public sentiment in his own State a protest against the sugar schedule forward to the Senate by bankers and commercial organizations of Denver. This communication had been submitted by Senator Shafroth, of Colorado, by request. Senator Thomas described the protest as the part of an organized effort being carried on by "the beet sugar monopoly to manufacture artificial public sentiment and bring it to bear on the Senators from Colorado."

Many communications from people in Colorado urging the Senators to stand by the Democratic programme were read. Senator Thomas attacked the over-capitalization of the beet sugar companies, declaring that "the $50,000,000 capitalization of the companies in Colorado was $30,000,000 water, on which they paid dividends on the preferred and water stock" and that one of the companies had a surplus in excess of $10,000,000. Senator Reed, of Missouri, said that a Michigan beet sugar company had a capitalization of more than $9,000,000 five million of which was scheduled as good will.

Senator Thornton, of Louisiana, spoke of remarks made by Senator Martine, referring to the Louisiana Senators as "calamity howlers."

Senator Martine replied that he had not meant to reflect upon the Louisiana Senators. "But," Senator Martine continued, "I deny the right of the Senators from Louisiana to come to the people of New Jersey and demand that we shall hold them up by the chins to keep their heads above water. You have known for a long time what was coming and why in Heaven's name haven't you adjusted yourselves? If you can't grow sugar grow something else."

Senator Bryan, of Florida, today introduced an amendment to the tariff to increase the tariff on lemons and other citrus fruits.

Senator Cummins today presented the resolution to direct Vice President Marshall to appoint five Senators to investigate the President's charge that a lobby exists in Washington to influence legislation, particularly the tariff bill, and to report within ten days.

An investigation of the tariff lobbyists was proposed in a resolution introduced by Representative Tevener, of Illinois. The resolution recites that "it has been charged by the President that a powerful and insidious lobby, hostile to the pending tariff bill exists in Washington."

A committee of five members appointed by the Speaker would investigate and report to Congress.

RECEIVERS ARE APPOINTED

Library of Congress

Subsidiary of 'Frisco System in Financial Straits—Maturing of Short Time Notes Immediate Cause.

St. Louis, May 27.—Thomas H. West, chairman of board of directors of the St. Louis Trust Company, and B. L. Winchell, president of the St. Louis and San Francisco Company, were appointed receivers for the railroad in the Federal District Court here late today.

Appointment of the receivers here took place about an hour after appointment of ancillary receivers for the Chicago and Eastern Illinois, a subsidiary of the 'Frisco, by the United States District Court in Chicago.

Application for the appointment of receivers for the St. Louis and San Francisco was made to Circuit Judge Walter H. Sanborn, who came here from St. Paul today especially to hear the 'Frisco matter, by the North American Company, which is said to be creditor of the 'Frisco to the extent of $400,000. A receivership wa surged as the only solution of the financial difficulties of the road by James Campbell, of St. Louis, president of the North American Company.

The immediate cause of the receivership was the maturing on June 1st of short-time notes issued by the road for $2,250,000 which bear 5 per cent interest.

Crisis Depressed Stocks

The impending crisis in the affairs of the 'Frisco had a depressing influence on its stock for some time and last week Chairman Yoakum, of the railroad board of directors, went to St. Louis to consult with local interests concerning the welfare of the road as to the best course to pursue. At first it was rumored that some means would be found to tide the company over, but this hope was dissipated early today when Judge Sanborn and attorneys and directors for the road went into secret conference.

It became known at noon that petitions were being prepared for appointment of a receiver, and the scurrying about of attorneys representing various interests started rumors that this proceeding would be opposed. These rumors were verified in part when the formal application was presented to Judge Sanborn late today. Attorneys Frederick W. Lehmann and Charles Nagel, representing creditors, said they preferred to have as receivers men not connected with the railroad, thus opposing the appointment of President Winchell, and of Mr. West, whose trust company had handled many financial affairs of the road. Mr. Nagel also requests that the receivership be made temporary, until he could get definite instructions from his clients.

Objections Unprevailing

Objections of Attorneys Lehmann and Nagel did not prevail with the court who appointed Mr. West and President Winchell receivers.

Thomas T. Fauntleroy, of St. Louis, was appointed special commissioner to represent the court in future proceedings.

Application for the appointment of receivers was laid before the court by Henry S. Priest, representing the directors of the railroad and the principal bondholders, and acting in behalf of the North American Company. The North American Company is understood to hold as collateral on its loan on the first mortgage bonds on the railroads Federal land grant of 1,250,000 acres in Arizona and New Mexico, and $200,000 first mortgage of the New Orleans, Texas and Mexico Railroad Company, a subsidiary of the 'Frisco.

The financial difficulties of the road are of long standing and are attributed in part to the Southwestern floods of 1911 and 1912 in which the road sustained severe losses; to the increased wages of employes and to the high price of money.

The ownership of the Chicago and Eastern Illinois, it is said, also has pending a financial drain on the parent system.

The St. Louis and San Francisco mileage now totals more than 7,500.

Receivers for C. & E. I. Railroad

Chicago, May 27.—Receivers were appointed for the Chicago and Eastern Illinois Railroad today by Federal Judge Carpenter on complaint of the Railroad Steel Spring Company. The railroad at once filed an answer concurring in the appointment of receivers.

Attorneys interested said that two factors contributed to the action in Chicago. First of these, is was said, was the contributing cause that a receiver was to be asked at St. Louis for the St. Louis and San Francisco. Anti-railroad legislation enacted during the last two years and a tight money market were the other causes given for the action.

SENATORS DISCUSS "INSIDUOUS LOBBY"

Rigid Investigation May Result from President Wilson's Charge

RESOLUTIONS ARE INTRODUCED

Senator Cummins Attempts to Get Immediate Action in Investigation of So-called "Lobbyists"—Strong Debate

Washington, May 27.—President Wilson's charge that an "insiduous lobby" is at work in Washington in behalf of desired changes in the tariff bill was brought to the formal notice of the Senate today through a resolution by Senator Cummins demanding an immediate investigation by a committee of five Senators to determine the identity of all persons who had made efforts to present arguments or bring influence to bear in favor of changes in the tariff law. A similar resolution was introduced in the House by Representative Tavenner, of Illinois.

Senator Cummins attempted to get immediate action on his resolution, which would authorize the greatest investigation of so-called "lobbying" ever undertaken by Congress.

Senator Gallinger at first objected to the resolution as "absurd." Later he withdrew his objections, but on demand of Senator Owens, the Cummins resolution finally went over for one day without action.

The proposed investigation would require all Senators to give names of persons who had approached or written them in interest of tariff changes; would request President Wilson to furnish names of persons referred to in his statement yesterday that a great and powerful lobby was at work, and would authorize the Senatorial committee to determine whether the action of any lobbyist who might be discovered was proper or improper.

"It is absurd to demand that the names be given of men who have talked with Senators about the tariff bill," declared Senator Gallinger. "Men are here who have a right to be here, because they represent the great interest of the country that are imperiled by proposed changes in the tariff. To call them lobbyists is absurd."

Senator Cummins declared he had presented the demand for an investigation because members of the Senate had been put in a very "unenviable position."

"I recognize the right of any interest affected by pending legislation to appear and offer argument," he said. "I do not know that any lobbyists are here. None have approached me. But we have a tariff bill before us.

"Now, it is said by the highest authority, that a lobby of great proportions, employing means of the most insidious and illegitimate character, want to change the bill as now proposed. The public has been lead to believe and will believe that if any changes are made they will have been due to their influence.

"I don't know what a lobbyist is. If it is the man who appears to make legitimate arguments, I am for him. But the country has a right to know what influences are surrounding the Senate of the United States, to know who is here and who is attempting by argument, by influence or by persuasion, to change the tariff rates."

The fight over the lobby resolution ended abruptly at the objection of Senator Owen. The President's public statement of yesterday had brought an earlier comment in the Senate from Senator Thornton, one of the Democratic Senators from Louisiana, who opposes the President's free sugar programme. Commenting on steps that Louisiana sugar interests had taken to secure certain information on which he presented to the Senate, he said:

"I suppose this is what some people would call "insidious lobbying,' but it is what we consider an earnest and legitimate effort to try and save a large part of our State from this impending blow."

An echo of the Cummins resolution which was heard shortly after it was laid aside when Senator Lippitt, of Rhode Island, asked Chairman Simmons, of the Finance Committee, when the Senate might expect to get the material being presented to the sub-committees in the shape of briefs. Senator Simmons replied that one book of briefs probably would be available tomorrow.

Senator Lippitt referred to the "seemingly almost organized attempt" to stifle information in regard to the tariff bill. One report, he said, was that those who came to Washington to testify in regard to the schedules had been threatened with "hanging as high as Haman," while another said a million dollar fund would be raised to investigate those who testified.

EARLY AGREEMENT PROBABLE.

Encouraging Reports on Banking and Currency Problems.

Washington, May 27.—Prospects for an early agreement on a currency measure to be submitted to Congress with the approval of the administration and the banking and currency committees of both houses are very encouraging, in the opinion of Representative Carter Glass, of Virginia, who conferred with President Wilson, on the subject tonight. Mr. Glass, who is to be chairman of the House Banking and Currency committee, spent an hour and a half with the President at the White House. He declined to discuss details of the conference.

WILL OF HENRY M. FLAGLER

Most of Estate Valued Between Sixty and Seventy Millions Goes to Widow—Son Taken Care Of—Other Bequests.

St. Augustine, Fla., May 27.—Henry M. Flagler's will was filed today and under it J. R. Parrott is to remain at the head of the Florida East Coast Railroad so long as he may desire. This provision is in recognition of his long and faithful service and great executive ability, displayed in handling Mr. Flagler's property.

The estate is estimated to be worth between sixty and seventy million dollars, most of which goes to the widow. The son, Harry, will receive five thousand shares of Standard Oil of New Jersey stock, said to be valued at five million dollars; J. R. Parrott, W. H. Beardsley and William Kenan, a brother of Mrs. Flagler, are named trustees under the will, which includes among other bequests a gift of $75,000 to the Memorial Presbyterian church of St. Augustine; $60,000 to the University of Florida, and $75,000 to Stetson University.

As a token of his personal esteem of J. R. Parrott and in recognition of his long services with the Florida East Coast Railroad, Mr. Flagler leaves him $100,000. In reference to the bequest to the University of Florida, attention is called to the fact that Mr. Flagler made the institution a gift of $20,000 some years ago.

Other bequests include one of $10,000 to James Maguier, who has long been connected with the East Coast Railroad's hotel system; W. H. Chambers, comptroller of the Florida East Coast Railroad, $5,000, and R. P. Goff, former superintendent of the road, $5,000.

In addition, there are many smaller bequests to friends and servants of Mr. Flagler. All the rest of the estate, including all of the vast railroad interests of the dead magnate, is bequeathed to the widow.

The will was made in 1898 and bears six codicils.

One significant feature of the will is that nothing is left to the Flagler Hospital.

NOMINATIONS ANNOUNCED

J. H. Weddington Gets Postoffice Plum at Charlotte

Washington, May 27.—President Wilson today sent to the Senate the following nominations: First Assistant Secretary of the Interior, Andrius A. Jones, of Las Vegas; Commissioner of the General Land office, Clay Tallman, of Nevada.

Assistant Commissioner of the General Land office, Charles Bruce, of Arizona; postmaster, J. H. Weddington, Charlotte, N. C.

Mr. Jones is a lawyer who has made a specialty of public land laws. He was born in Tennessee but has lived in New Mexico since boyhood.

Mr. Tallman Long has been a practicing lawyer in Nevada.

Mr. Bruce is a Virginian by birth and for many years has resided in that State. For a time he lived in Arizona and during Mr. Cleveland's second term as President, he was Secretary of the Territory of Arizona, and for one year acting Governor. His nomination will be so changed as to accredit him to Virginia.

Fred Denny, the retiring Commissioner of the General Land office, will remain in Washington.

CONFERS DEGREE.

Davidson College Honors on Traveler-Journalist.

Charlotte, N. C., May 27.—Davidson College, the historic North Carolina Presbyterian institution which President Wilson attended, as a student, at its commencement today conferred the degree of doctor of laws on William T. Ellis, of Swarthmore, Pa., a traveler-journalist, who delivered the commencement address upotn "America's World Misison."

Davidson's new president, Dr. W. J. Martin, will be inducted into office tomorrow. This institution has the largest body of undergraduate students of any Presbyterian institution in the South, and has this year over seventy candidates for the ministry. This completes the seventy-sixth year of the college's history.

KATAHDIN DISABLED.

Clyde Liner Reported Disabled Off North Carolina Coast.

Charleston, S. C., May 28.—Clyde Line freight steamer Katahdin is lying disabled off the North Carolina coast, according to an intercepted wireless message received here today. An electrical storm put the wireless station out of commission as the message was being received and the nature and extent of the Katahdin's injuries could not be learned.

OUTLINES

Col. Roosevelt testified yesterday before the jury in the $10,000 damage suit which he has instituted against a Michigan editor for alleged libel.

Chairman Simmons, of the Senate Finance Committee, will discuss today with Secretary Bryan the problems which have arisen because of the many foreign protests to certain features of the Underwood tariff bill.

President Wilson's charge that an "insidious lobby" is at work in Washington was brought to the formal notice of the Senate yesterday through a resolution proposing an investigation of the matter which was introduced by Senator Cummins.

The 23rd annual reunion of the United Confederate Veterans was formally opened in Chattanooga yesterday. Thousands of visitors are in attendance, and the opening was accompanied by many spectacular features in the way of parades and social entertainments.

Money on call steady 2 1-2 to 2 3-4 per cent; ruling rate and closing bid 2 1-2, offered at 2 3-4. Time loans steady, 60 and 90 days 3 3-4 to 3 per cent; six months 4 1-2 to 4 3-4. Flour firm. Wheat firm. Corn steady. Rosin quiet. Turpentine steady. Spot cotton unchanged; middling uplands 12 cents. No sales. Futures closed steady.

VETERANS REUNION FORMALLY OPENED

Eloquent Addresses—Spectacular Parades And Entertainments

OLD CONFEDERATES HONORED

Influx of Visitors to Historic Southern City Continues—Bands Play "Dixie" as Cavalry Troop Parades.

Chattanooga, Tenn., May 27.—Eloquent addresses, spectacular parades and scores of social entertainments in honor of veterans, sponsors and maids of honor, characterized the opening day of the 23rd annual United Confederate Veterans' reunion in this city. The only discordant note was sounded at the first business session of the veterans when hisses, finally drowned out by cheers, slightly delayed Governor Ben W. Hooper, of Tennesee, in delivering his address of welcome. The Tennessee executive, who is said to have been the first Republican Governor to welcome a reunion of Confederate veterans, disregarded the disturbances, and was given an ovation at the conclusion of his remarks.

Influx of Visitors.

Throughout the day the influx of visitors continued. Despite the coolness of the weather, hundreds of sponsors representing almost every division in the Confederate Army participated in the parade this afternoon. In filmy gowns and laces they were driven in automobiles along the principal streets in the city. Thousands lined the sidewalks to witness the pageant while the capacity of special reviewing stands on Broad street was taxed to their utmost.

Gen. Bennett H. Young, commander-in-chief of the United Confederate Veterans, and Governor Hooper, with their staffs, reviewed the parade from an official stand erected at General Young's headquarters.

The aged veterans who thronged the streets appeared to enjoy the display immensely. As each automobile passed, filled with beautiful women and girls, the veterans leaned far over the restraining ropes along the street, waved their hats and threw kisses to the Southern beauties. These in turn acknowledged the greeting and tossed flowers to the soldiers.

The review today of the 11th United States Cavalry furnished a novel spectacle to many visitors who had never witnessed a similar demonstration. More than a thousand cavalry men and officers cantered through the city and passed in review before Gen. Bennett H. Young and scores of sponsors, maids and matrons of honor. All the officers saluted the grey haired veteran commander-in-chief as they passed and the regimental band played "Dixie."

Business Sessions.

Business sessions were held in the morning and afternoon by both the United Confederates and the Sons of Veterans. The latter elected William W. Old, Jr., of Norfolk, Va., to succeed J. W. Norfleet, of Memphis, as commander-in-chief. The new commander is the son of William W. Old, of Virginia, who served on the staff of Gen. Early in the Valley campaign, and with Gen. Ed Johnson.

Invitations were tendered to the Sons to hold their 1914 reunion by members of the organization from Denver, Colo., and Birmingham, Ala. The Sons' reunion will be held in the city chosen by the United Confederate Veterans.

Business sessions of the United Confederate Veterans were attended by crowds which filled the city auditorium. This building has a seating capacity of more than 6,000 and many persons were standing. Scores of battle scarred Confederate flags were displayed at both sessions. One, torn almost into shreds as a result of service in the Virginia campaign, was waved from the platform by Maj. John Babcock, of the Fourth Alabama division.

Eloquent addresses marked both sessions. The speakers included Gen. Bennett H. Young, Governor Ben W. Hooper, Mayor T. C. Thompson, of Chattanooga; Governor McCreary, of Kentucky; Gen. John P. Hickman, grand marshal of the veterans' organization; Mrs. Alexander B. White, president of the United Daughters of the Confederacy; Mrs. Virgina F. Boyle, poet laureate of the Veterans, and others.

Among the prominent Confederate women introduced before the organization today were Mrs. C. B. Bryan, of Memphis, daughter of Admiral Raphael F. Simms, who commanded the Alabama during the war between the States.

Gen. Young also presented Mrs. Virginia Clay Clopton, who is the widow of two Confederate officers. Her first husband, Col. Cleent C. Clay, was imprisoned with Jefferson Davis when the latter was detained at Fortress Monroe at the end of the war.

Gen. K. M. VanZandt, of Fort Worth, Texas, commander of the trans-Mississippi department, was presiding officer at the afternoon business session of the veterans. At this moment a motion was made and adopted to take action toward the proposition of the Confederate Veterans participating in the joint semi-centennial celebration of the Battle of Gettysburg.

Among the speakers at this gathering were Gen. C. Irwin Walker, of Charleston, S. C., honorary commander-in-chief of the United Confederate Veterans, and D. S. Henderson, of Aiken, S. C.

Gen. Walker recalled a number of the active engagement in which he participated near this city 50 years ago. Col. Henderson advocated the "back to the land movement," the "education of the masses" and urged the veterans to stand for the basic principles of the Federal constitution and to resist such changes in the form of our government as a "great many people are clamoring for under the leadership of temporary politicians."

Tonight a reception in honor of Confederate Veterans was tendered at Bennett H. Young Park, by the United Daughters of the Confederate Chapters A. P. Stewart and Francis M. Walker.

Sons of Veterans Meet.

William W. Old, Jr., of Norfolk, Va., late today was elected commander-in-chief of the Sons of Confederate Veterans organization now in session here. The next reunion of the Sons of Veterans will be held in the city chosen for the annual reunion of the United Confederate Veterans.

Other officers chosen by the Sons of Veterans were Dr. A. M. Brailsford, of Mullins, S. C., commander of the Army of Virginia Department; P. J. Mullin, Rome, Ga., commander of the Tennessee Department; Edgar Scurry, Wichita Falls, Texas, commander of the trans-Mississippi Department.

New members of the executive committee selected today follow: John W. Baile, of Rome, Ga.; William Brandon, Little Rock, Ark.; Seymour Stewart, St. Louis; W. G. Pritchard, Charleston, S. C.; Dr. Thomas M. Owen, of Montgomery, Ala., was chosen as historian general. Representative from every Southern State attended the meeting of the organization today.

SENATE WILL INVESTIGATE

Federal Authorities Will Probe Action Proceeding and Accompanying Strike of West Virginia Coal Miners

Washington, May 27.—By the viva voce vote the Senate today adopted the resolution authorizing a sweeping investigation of conditions preceding and accompanying the strike of coal miners in the Paint Creek region in West Virginia. The resolution introduced in somewhat different form by Senator Kern, has been before the Senate for a month, the subject of many bitter attacks, and of scores of speeches of commendation.

Under the resolution's authority, the Senate through the Education and Labor Committee will look into charges of peonage in West Virginia; of violation of the immigration laws; of interference with the mails and postoffices and of violation of the constitution and laws of the United States in the trial of citizens by a military tribunal. It will examine reported combinations among operators in violation of the Sherman anti-trust act, and alleged discrimination by immigration authorities, and determine whether arms and explosives were imported into Paint Creek for improper use.

Terms of the authorization are so broad that the committee will be able to inquire into anything and everything which figured in the troubles between the miners and the operators.

The investigation will be the second in the history of the nation so far as Senators have shown in debate, to be made of the acts of a State by a legislative branch of the Federal government.

The strike in the Couer D'Alene mining region in Idaho, was investigated by a House committe in 1900.

The Education and Labor Committee will meet probably tomorrow to begin its work.

Its first action will be the naming of a sub-committee to make a trip to the strike region to examine witnesses. Senator Borah will be chairman and Senators Shields, Swanson, Martine and Kenyon will be other members. The sub-committee's report is expected next month. Senator Bacon opposed the resolution today on the ground that the investigation of the actions of the State court was unwarranted invasion of Seate's rights.

CHARGED WITH MANSLAUGHTER

Arrests Made in Connection With the Killing of Prize Fighter

Calgary, Alberta, May 27.—William McCarney, Tommy Burns, and Eddie Smith, three of those most active in the staging of the Arthur Pelkey-Luther McCarty fight, which resulted in the death of the latter in the prize ring at the Burns areana Saturday, were arrested late today and charged with manslaughter.

After a preliminary hearing each was released on $10,000 bail.

Pelkey who was re-arrested last night after the coroner's jury had given a verdict which exonerated all principals in the contest, was given a brief preliminary hearing tonight. He pleaded not guilty to the charge of manslaughter. The amount of his bail was not known. The Alberta government set aside the verdict of the coroner today and ordered the arrest of the late prize fighter's manager, the promoter and the referee. This came as a surprise.

It was openly charged by the authorities that the coroner's jury was made almost completely of personal friends of Burns. It was further contended that Coroner Costello was incompetent to sit at the inquest, having himself attended the fight.

Dr. C. J. Stuart, who appeared in a medical capacity for the defendants, said tonight he believed McCarty had suffered his injury in a previous fight and that the slightest blow would have caused his death.

One of the developments of the day was the suit for criminal libel filed by Burns against the Rev. J. C. Secamore, of the First Baptist church, who is said to have stated in the pulpit on Sunday that the Saturday affair was murder, pure and simple and that those promoting the contest should be deported.

STRUCK BY CYCLONE

Much Damage Done to Property—Communication Cut Off

Anderson, S. C., May 27.—The town of Honea Path, S. C., was this afternoon struck by a cyclone which did much damage to property and for a time cut off communication by telegraph and telephone. No loss of life is reported.

ROOSEVELT TAKES WITNESS STAND

Not Total Abstainer But Is Not Addicted to Drink

TELLS STORY TO A JURY

The Colonel Refers to "Bed of Mint" at the White House—Evidence of the Family Physician Corroborates.

Marquette, Mich., May 27.—Theodore Roosevelt, a picture of ruddy vigor and perfect health, turned a square jaw in the direction of the 12 farmers, teamsters, miners and woodsmen in court today and gave his character for sobriety as "not a total abstainer," but never intoxicated in his life.

His testimony and that of others, corroborated such a description of abstinence. If the sturdy looking man who spent seven years in performing the duties of President of the United States saw anything curious in his position of explaining to the 12 toilers that he was not really a drunkard, as charged in an alleged libellous editorial by the defendant, George A. Newett, his countenance did not betray it nor did his manner.

When Mr. Pound, his counsel, after a brief outline of the plaintiff's case to the jury, called Col. Roosevelt to the stand, the latter, who had been inconspicuous among a number of prospective witnesses and visitors, stepped briskly forward.

"Now tell the jury," instructed the lawyer, and the client proceeded to tell them as directed.

"At public dinners I sometimes drink a glass of champagne, perhaps two, on an average, I may say one glass of champagne a month."

The witness snapped his words out in his peculiar, distinct, choppy enunciation and added, after a momentary pause, with emphasis, "and I do that in public."

At this Judge Richard C. Flannigan, presiding over the court, rebuked an outburst of laughter.

"There was a fine bed of mint at the White House," continued the witness, who was left pretty much to tell his own story. Then his eyes sparkled and he said: "I may have drunk half a dozen mint juleps in a year."

A light supply of wine and liquor was taken on the African expedition and of this a bottle of brandy was taken along for Col. Roosevelt. The physician of the outfit measured it out to him from time to time for chills or other reasons.

"I touched nothing else in the eleven months," continued the witness, "and the doctor, apparently out of a whim, at the end of the trip measured what was left and found that I had consumed just seven ounces."

Attorney Horace Andrews, of the defense, devoted little time to cross examination and made no great effort to change the testimony. He interposed objections of a minor nature, but the witness, deeply interested and stirred as he seemed to be at refuting what his suit alleges was libel, always stopped short and waited for the ruling of the court.

The witness expressed a detestation for whiskey and beer. Of the latter, he could remember having taken only a mouthful in his life. That was at the Deutscher Club, in Milwaukee, where he was urged to pay the tribute of a swallow to the amber brew. As for whiskey, he got it mostly under protest upon insistence of his doctors who put a teaspoonful of it in milk which they sometimes pressed upon him on occasions of extreme fatigue.

In epitome, the former President's testimony showed that he drank liquor or wine when compelled to for indisposition or when the conventionalities of public occasion required, except that he takes a glass of light wine, rarely two glasses, with his meals.

Much of the succeeding testimony was introduced to indicate that the plaintiff's physical vigor, his functional perfection, his violence of exercise, and capacity for work, could not exist in the person of one who got "drunk and that not infrequently", as the alleged libellous editorial in the Iron Ore charged.

Many Witnesses Introduced.

Another witness on this phase of the examination were Dr. Alex. Lambert, Col. Roosevelt's family physician and intimate friend of 30 years and T. N. R. Rixey, surgeon general U. S. N., retired, whose official duties during the McKinley and Roosevelt terms of office included little else than to guard the Presidential physical well-being. Other witnesses were Jacob Rils and Gilson Gardner, the former a sociologist and writer, and the latter a newspaper man who saw duty for many years compelled him to take close note of everything pertaining to Col. Roosevelt. Dr. Lambert testified he had made a special study of the heart and lungs and of the effect of alcohol, tobacco, opiates and drugs on the human system.

When Mr. Andrews on cross examination, suggested that witness' knowledge of what the Colonel drank at meal time did not extend to breakfasts, the doctor said:

"Oh, yes, indeed. I have frequently stayed at the Roosevelt home all night and night drop in at breakfast any day, as I frequently did."

Dr. Lambert said he had given special attention to the study of alcoholism more than to any other line, had written a book on the subject which was standard in the profession and probably during his career had treated 40,000 cases of alcoholism and allied disorders.

"He is extremely temperate," testified the doctor. "His heart and liver, which in an alcoholic would be affected," he said were prodigiously healthy. He never was called upon to treat his friend professionally until he was

VICTORY ELUDES SENATORS

Climbers Dropped Both Ends of Double Bill to Athletics, Going to Fourth Place—St. Louis Won Again

Playing the second double bill of the series at Philadelphia yesterday with the Athletics, the Washington Senators dropped both ends of the meet to the Mackmen, thereby losing their hold on third position, dropping down to fourth, while the Chicago White Sox tower over them with a lead of 25 points.

The Senators were helpless before the veteran Eddie Plank, who pitched the game of his life, allowing just a brace of singles, only 25 men facing him in the nine innings. In the second session of the afternoon, Big Chief Bender, while winning his game, had to put forth every ounce that was in him to bring home the bacon, the Senators by this time having donned their swatting clothes. The Athletics made it four to one for the series, with the terminating game to be played today.

The St. Louis Americans won a pitcher's duel from the Detroit Tigers yesterday, breaking even on the series of four games. Mitchell, for the locals allowed just five safeties to Zamloch's even half dozen.

Philadelphia, May 27.—Philadelphia won both games of the double header from Washington here today, the first resulting in a shut out by 8 to 0 and the second 7 to 1. In the first game Washington was helpless before Plank. The veteran left-hander allowed only two singles and only 25 men faced him. In the second game Bender had to exert himself.

TRUANT GIRL AT HOME

Located at Savannah, Returned to Beaufort—Newbern News Notes

(Special Star Correspondence.)

Newbern, N. C., May 27.—Lillie, the 16-year-old daughter of Mr. and Mrs. J. H. Harrell, of Beaufort, who ran away from her home several days ago and was later located at Savannah, Ga., pssed through Newbern today en route home. She was met here by her father. The latter, in an interview with a newspaper man, stated that he will at once begin a prosecution against Dr. J. T. Dixon, of Waycross, Ga., whom the girl was to join, and a citizen of Newbern who it is alleged aided and abetted her in getting away from home. The girl was seen at his home upon her arrival in Newbern and then disappeared and was not heard from until Mrs. E. C. Middleton, of Savannah, Ga., wrote to Mr. and Mrs. Harrell and told them that their daughter was at her home. Dr. Dixon has a wife and several children. The case has attracted much attention all over this section and later developments are being awaited with interest.

R. B. Lane, Craven county's new sheriff, has begun a crusade against the "blind tigers" who perambulate around James City, a village just across Trent river from Newbern, and this morning he placed Annie Russell and James Jordan, colored, under arrest on a warrant charging them with dispensing the "ardent." James City has a bad reputation, in fact, it has passed the point where it has no reputation at all, and has been designated as "the dumping ground of Craven county. The local county authorities realize that they have their hands full in attempting to better conditions but regardless of this are doing all in their power to better the moral condition of the place.

Numerous accidents during the past few weeks have led Mayor Albert H. Bangart to issue an edict that all automobilests and motorcycle riders keep to the right, and that all who are caught violating this ordinance will be placed under arrest. One of the most aggravating things that the authorities here have to contend with is the violation of this ordinance by lady drivers of machines. Naturally a policeman hesitates in "pinching" the wife of some prominent citizen and the lady knowing this takes advantage of his position and in the majority of cases drives as fast and wherever she pleases.

A MEMBER OF THE TRUST.

Connie Mack, leader of the Athletics seems to be in on the combine to corner the world series for Philadelphia exclusively.

"COASTER BRAKE TRUST".

U. S. District Court Imposes Heavy Fines for Violations of Law.

Rochester, N. Y., May 27.—Fines aggregating $81,500 were imposed tonight in United States District Court by Judge John Hazel, of Buffalo, in the case of six corporations and 11 individual defendants in the government's action against the so-called "Coaster Brake Trust" for violation of the Sherman law.

This afternoon six corporations and eight individuals pleaded guilty to charges of conspiring to restrain trade and attempting to monopolize domestic and foreign commerce. Four individuals pleaded nolle contendere. Three of the four were among the 11 defendants fined. Six additional cases were discontinued by nolle prosecui. The corporations and the fines are:

New Departure Manufacturing Co., Bristol, Conn., $10,000; Corbin Screw Co., New Britain, Conn., $10,000; Eclipse Machine Co., Elmira, N. Y., $10,000; Miami Cycle & Manufacturing Co., Middletown, Ohio, $10,000; Buffalo Metal Goods Co., Buffalo, N. Y., $2,000; Aurora Automatic Machinery Co., Chicago, $2,000. The individuals fined are: Edwin E. Jackson, Jr., New York, arbitrator for combination, $3,500; Frederick R. Huntington, New York, arbitrator, $5,000; Albert F. Rockwell, New Departure Co., $5,000; DeWitt Page, New Departure, $5,000; Charles F. Treadway, New Departure, $1,000; William A. Graham, New Departure, $2,000; Gales H. Moore, Bristol, patent attorney for combination, $1,000; Charles Glover, Corbin Screw Corporation, $4,000; Clarence A. Earl, Corbin corporation, $4,000; Kelly R. Jacoby, Miami Co., $4,000, and Ralph D. Webster, Eclipse Co., $3,000.

Sentence was suspended in the case of Emmett M. Jackson, because he was a Miami employe and was held not to be liable. Besides Emmett M. Jackson, the three to plead nolle contendere were E. E. Jackson, Jr., C. F. Treadway and G. P. Moore.

In imposing fines Judge Hazel said: "The evidence shows the Sherman Act was discussed among you and it would seem that efforts were made to get around it. Eight of your number pleaded builty on two counts, avoiding an expensive trial for the government and are willing to concur in the dissolution proceedings. For that reason I shall show leniency in leaving imprisonment out of your sentence and also in the amount of your fines."

The maximum penalty in the several cases was one year's imprisonment and $5,000 fine on each count.

DESPERATE NEGRO CAUGHT.

Outlaw Who Killed Prominent South Carolinians, Captured in Georgia.

Newington, Ga., May 27.—Richard Henry Austin, the negro who killed Dr. S. C. Moore, Magistrate Edenfield and Victor Bowers, in Hampton county, South Carolina, a few weeks ago, was captured tonight near the residence of Marvin Giles, seven miles north of this place. The posse headed by Sheriff Morris, of Lincoln county, S. C., after hunting all day for the negro, came upon him suddenly about dusk. It is said Austin showed fight and that he was imediately shot. His wounds are considered dangerous, but he will be taken back to South Carolina if able to travel.

Chicago, May 27—Manager Johnny Evers, of the Chicago Nationals, today accused Pitcher Howard Camnitz of deliberately hitting Pitcher Larry Cheney and Catcher Archer during the game at Pittsburg last Saturday and of trying to hit Heiney Zimmerman. Evers declared he would begin a crusade to do away with the practice of certain pitchers, who aim at batters' heads.

DISSOLUTION SUIT.

Government Seeking to Dissolve Steel Corporation as Illegal Combine.

New York, May 12.—Testimony to prove that Elbert H. Gary, chairman of the United States Steel Corporation, and H. C. Frick, a director, did not deceive President Roosevelt, as alleged by the government, when they told him it was necessary for the corporation to take over the Tennessee Coal and Iron Company, to stop the panic of 1907, was introduced by the defense today in the Government suit to dissolve the corporation, as an illegal combination. The testimony was given by Thomas W. Joyce, a security clerk in the office of J. P. Morgan & Company.

According to the government complaint, Gary and Frick misrepresented the facts when they told President Roosevelt that the brokerage firm of Moore & Schley held a majority of the stock of the T. C. I. Company and that the firm would fail and the panic be accentuated unless the stock pledged as collateral for loans was exchanged for bonds of the United States Steel Corporation. It was not true that the complaint stated that Moore & Schley had an amount of the stock even approximately a majority.

Today Mr. Joyce testified that on Sunday, November 3rd, 1907, the day before Gary and Frick went to Washington to see the President, he had made an examination of Moore & Schley's books, at the direction of Mr. Morgan, and found that firm had 157,700 shares out of the Tennessee Company's total outstanding stock of 298,000 shares, of which only 26,000 shares were not tied up in collateral pledged for loans. He said he had so reported to Mr. Morgan at the meeting of financiers held that night at the Morgan library.

GIANTS LOST BOTH GAMES

Lowly Boston Braves Took Both Ends of Double-Header, Giants Taking Fifth Place—Cubs Go to Third Place.

If McGraw and his minions have any pennant hopes left, they received another serious jolt yesterday, when the lowly Boston Braves took both ends of a double-header, the Giants' big twirlers, Mathewson, Tesreau and Wiltse all figuring as victims of the terrific assault of the Braves. As a result of this blow to the Giants' aspirations, an aggregation of the Gloom family are this morning playing mumble peg in fifth position, Chicago taking third by a win yesterday and St. Louis being stationed in fourth place.

Mathewson and Tyler had a duel in the first game, allowing four and seven hits respectively. In the second session Tesreau and Wiltse did the honors for the Giants and Perdue and Rudolph, the latter starring in the latter portion of the game, carried off the game for the Braves. Only 24 hits were tallied in both games on both sides.

The Chicago Cubs take the highest position since the first week of the season by defeating St. Louis yesterday, aided by New York's downfall. The score was 2 to 1, and was a pitchers' duel between Overall and Sallee.

"Big Six" Defeated.

Boston, May 27.—Boston won both games of a double-header from New York today forcing the Giants into fifth place. The scores were 1 to 0 and 5 to 2. Mathewson and Tyler had a pitchers' battle in the first game. Fine pitching of Rudolph, who went in as relief pitcher after New York had two runs off Perdue in the second inning, and timely hitting by Boston gave the locals the second game.

GOLF TOURNAMENT.

American Players Show Up Well in Amateur Championship Contest.

St. Andrews, Scotland, May 27.—The American players did well today in the second and third round of the Amateur Golf Championship Tournament. Harold Weber, of Toledo, first beat Shepherd, of the Henley Club, by three up and one to play, and in the third round defeated J. F. Myles, of the Royal and Ancient Club by three up and two to play.

W. Heinrich Schmidt, of Worcester, Mass., beat Captain Brune, of the Royal North Devon Club, by six up and five to play, and after defeated Lassen, of Lytham and St. Anne's, one of the strongest players in the North of England, by three up and two to play.

Weber and Schmidt are now regarded as championship possibilities.

EASTERN COLLECTORSHIP

Washington Man Endorsed—New Rural Routes—Other Notes

(Special Star Telegram.)

Washington, D. C., May 27.—James T. Taylor, of Washington, N. C., is practically certain of being appointed collector of internal revenue for the Eastern district of the United States or marshal for that section of the State. Mr. Taylor has almost as large a batch of endorsements as has Col. A. D. Watts, who aspires for the Western collectorship. Furthermore, Taylor is classed as a progressive and worked hard for President Wilson. He has the endorsement of practically all of the county officials in 35 out of 40 counties which compose the Eastern district, a majority of members of the Legislature and in addition a goodly number of letters from people not interested in politics.

Mr. Taylor is in Washington looking after his candidacy. He explained that he was not a candidate but for one place, but that he would be satisfied with either the marshalship or the job as collector. His friends say he is certain to land one or the other.

Prof. Wm. Candiff, county superintendent of schools of Surry county, and about 40 beautiful young school teachers are in Washington on a sightseeing trip. They are stopping at the National Hotel. Prof. Candiff and Senator Overman will take the Tar Heel women to the White House tomorrow afternoon where they will pay their respects to President Wilson. Later they will visit Mt. Vernon, Arlington and Christ Church at Alexandria.

Effective August 1st the following additional rural routes will be established: Clarkton, Bladen county (route No. 5), length, 25.24 miles, 100 families served tri-weekly. Service, Tuesdays, Thursdays and Saturdays.

Ruskin, Bladen county (route No. 1), length, 24.73 miles, 125 families served tri-weekly, service, Tuesdays, Thursdays and Saturdays.

West End, Moore county (route No. 1), length, 22.76 miles, 94 families served tri-weekly, service, Tuesdays, Thursdays and Saturdays.

Peyton H. Park, of Raleigh, Representative Pow's candidate for the Naval Academy, is here arranging for the final examinations.

Other North Carolinians here are Hon. Harry Stubbs, J. R. Robinson, W. A. James, Mr. and Mrs. Jas. G. Stanton and W. H. Cranford, of Williamston. P. R. A.

TERRIFIC WIND STORM.

Tears Down Show Tent, Killing One and Injuring Others.

Henderson, N. C., May 27.—While the afternoon performance of a wild west show was in progress here this afternoon a terriffic wind storm broke over the town. A portion of the main show tent was blown down on the crowd beneath, one of the poles supporting the tent falling on Robert Davis, a prominent farmer of this county, inflicting injuries from which he died an hour later. One woman was seriously injured and several others hurt. A panic ensued among the spectators, who fled through a downpour of rain to places of safety.

The commencement address by Dr. J. Herman Randall, of New York, and the presentation of the diplomas to the graduates marked the close of the Meredith College commencement season this morning. Twenty-one young ladies received diplomas. The A. B. graduates are Misses Annie Viola Alderman, Edenton; Sallie Shepherd Camp, Franklinton, Va.; Bertha Lucretia Carroll, Winterville; Lucye Evelyn Grindstaff, Sylva; Harriat Laura Herring, Kinston; Hallie Elizabeth Hester, Tyron; Annie Highsmith, Fayetteville; Gertrude Cecilia Horn, Winston-Salem; Bessie Frank Johnson, Delway; Sallie Merriam Josey, Scotland Neck; Bernice Christiane Kelly, Clayton; Maude Memory, Whiteville; Minnie Nash, Elizabeth City; Margaret Olinda Newton, Salemburg; Mary Susan Steele, Wagram.

Graduates in Art—Lucy Middleton, Warsaw; Euphemia Livingstone Watson, Maxton.

Graduate from School of Elocution—Edna Prevatt, Lumberton.

Graduates in Voice—Hallie May Meal, Monroe; Iva Lanier Pearson, Dunn; Karan Ann Ellington Poole, Clayton.

Rev. T. E. Wilmer, D. D., of Atlanta, delivered the address for the graduating exercises in connection with the close of the St. Mary's School commencement season this morning when 13 young ladies received diplomas, as follows: Susannah Steele Busbee; Mary Brown Butler, Elizabeth Melton Cherry, Ellen Armstead Johnson, Carolina Clark Jones, Alace Lorita Lary, Margaret Agnes Leard, Lizzie Linton Lex, Rebecca Devereux Agie, Evelyn Cameron Maxwell, Elizabeth Peele White, Amabel Conyers Winston, Jennie Elizabeth Woodruff. The diplomas were presented by Rt. Rev. Joseph Blount Cheshire, Bishop of the Diocese of North Carolina.

The gold medal for the best graduation oration for the A. & M. was awarded this morning to Felix Stanton Hale, graduate in civil engineering, Wilson county, his theme being "Drainage of Lowlands in North Carolina." Besides being admirably delivered Mr. Hale's oration presented the importance and scope of drainage interests in a striking manner from its inception in 1908 so far as North Carolina is concerned, to the present time. He told of the wonderful results of drainage in the Belhaven section and of drainage either accomplished or under way in Mecklenburg, Iredell, Robeson, Pender, Wayne and other counties and estimated that the completion of drainage plans in this State would mean an increased revenue of fifty million dollars.

Another notable oration was that of T. R. Parrish, Vance county, electrical engineering, on "Hydro-electric Development in North Carolina." He reviewed progress in electric development in North Carolina the past few years with Asheville, Charlotte and Raleigh as the central points around which this progress has revolved.

"The Dauntless Spirit of the Age," was the theme of the fourth oration delivered admirably by T. J. Hewett, of Carteret county. He reviewed the marvelous development in all lines of endeavor during the present era that included more and more effective harnessing of electricity, the automobile, the flying machine, the moving pictures, telephone and telegraph and other wonderful discoveries.

The orator's medal was presented by Hon. Max Gardner, of Shelby, an honored alumnus of the college. President D. H. Hill read the honor rolls for the various classes, an exceptionally creditable one and the graduating exercises closed with the presentation of the diplomas. This was to have been done by Governor Craig but the death of Mrs. Chas. A. Webb, of Asheville, and the continued rheumatic affliction of the Governor prevented His Excellency from filling this engagement.

President Hill read an interesting statement of the services into which the various graduates enter immediately after leaving the college. This showed that all of them have secured excellent positions and that probably as many more could have been provided for.

STATE NORMAL FINALS.

Sermon by Dr. Lingle and Other Exercises of Commencement Week.

(Special Star Correspondence.)

Greensboro, N. C., May 27.—The exercises of the 21st annual commencement of the State Normal and Industrial College are now in full progress. The ideal weather, the unusual excellence of the programme, the spirit of interest and loyalty, the presence of a large number of visiting alumnae and friends, are all factors which have combined to make this one of the most enjoyable commenecment seasons in the history of the college.

The commencement exercises opened Saturday night when the Dramatic Club, which was organized this year under the management of Misses Lizzie Roddick and Ione Grogan, presented Booth Tarkington's "The American" to the alumnae and the friends of the institution. The auditorium of the students' building was filled to overflowing, and the play was most enthusiastically received.

On Sunday morning the annual sermon was preached. As is always true on this occasion the auditorium presented an attractive appearance. The members of the graduating class occupied the place of honor in the central section at the front. At their sides the alumnae and visitors were seated, and the students dressed in pure white were grouped in the rear. The rostrum was most artistically decorated with palms and potted flowers.

On the rostrum sat the speaker of the hour, Rev. Walter L. Lingle, D. D., of Union Theological Seminary; President Foust, and others; behind them, the orchestra and chorus of 150 voices.

Promptly at 11 o'clock the exercises preliminary to the sermon commenced, with the rendering by the orchestra of the prelude Largo, from Handel. This was followed by the hymn, "Come Thou Almighty King," sang by the entire assembly. The invocation was made by the Rev. W. E. Abernethy. After that the chorus sang the anthem, "List the Cherubic Host", from the Holy City, by Gaul. Miss Severson, of the facuity, and Mr. Clapp were the soloists. The 103rd Psalm was read responsively, after which Miss Severson sang "Save Me Oh God."

President Foust in presenting Dr. Lingle said that he is a native of Rowan county, that he received his education at Davidson College, and that he has achieved distinction both as a preacher and as a teacher.

Dr. Lingle expressed first his joy at being again in his native State, also his satisfaction at the progress which North Carolina is making educationally—no other States surpassing her in this respect.

His text was taken from 2nd Peter, 3:18—"To grow in the grace and in the knowledge of our Lord and Savlour Jesus Christ, to whom be the glory, both now and forever."

On Sunday night in Peabody Park, the annual sermon to the Young Women's Christian Association was preached by Dr. Plato Durham, of Winston-Salem. The man, and his theme suited the hour, the place and the occasion. With no roof above save the blue sky, and walls around save the trees, deep in the stillness of the woods, this gifted speaker delivered a message that was peculiarly appropriate, beautiful, impressive and long to be remembered.

His text was taken from the ninth chapter of St. Matthew, 21st verse: "And she said if I may but touch the hem of his garment I shall be made whole." The speaker said that the life of our Lord was unique in most of its stretch and circumference; that within him dwelt the infinite life, within him flashed the infinite light; therefore it is not strange that this woman's dream was fulfilled and that she was made whole by contact with him. He drew illustrations from the world of science showing that certain natural forces and phenomena have within themselves that strange, and mysterious power that radiates and attracts and influences.

He further said that the soul that is in man is of the essence of the soul of Christ, but without its limitless sweep and unutterable vastness. "In some real sense it must be said of every man or woman in the world that the touching of the hem of his garment makes either for healing or for breaking."

He declared that in a few years through the investigations of the psychologists, the princes of the mind, we shall come into a better understanding of this mysterious thing that we call the soul.

At 11 o'clock on Monday morning the Alumnae Association met in the Adelphian Society Hall, Mrs. Annie McIver Young presiding, and Miss Colt acting as secretary. After the preliminary remarks by the president, the class of 1913 was received into membership. Miss Daisy B. Waite, head of the Latin Department of the Eastern Carolina Teachers' Training School, was the speaker of the occasion, and addressed the meeting on the standardization of Southern colleges. A business meeting followed, during which officers for the ensuing year were elected.

President, Miss Julia Dameron; vice president, Miss Frances Womble; secretary and treasurer, Miss Laura H. Colt; executive board, Misses Daisy Waite, Vorta Idol, Sue Nash and Miss Young.

The question of the election of a field secretary to devote her whole time to advancing the work of the association was discussed. The selection of this secretary was left to the decision of the executive board.

At 1 o'clock the meeting adjourned to the dining room, where a dainty luncheon was served.

SIMEON WOOTEN DEAD

LaGrange Pays Sad Mark of Respect —Kinston News Notes

(Special Star Correspondence.)

Kinston, N. C., May 27.—All business in the town of LaGrange was suspended for half an hour yesterday afternoon out of respect to the late Simeon Wooten, the town's wealthiest merchant, who died of heart failure after an illness of some days. Mr. Wooten was a leading citizen of Lenoir county, and had been prominent in political circles. He was 61 years of age and a native of the county. He had extensive property interests in this and Greene counties.

James A. Rowan, of Emporia, Va., is here to investigate Kinston as a possible location for a veneering plant which will be built in this section. Mr. Rowan is favorably impressed. The fitness of this city for the industry is manifest, there being large quantities of gum and persimmon wood to be had in the surrounding territory, and easily accessible. The contemplated plant in which the Emporia man is interested will cost around $30,000 and will employ 50 men.

More than 500 people attended a social meeting of the local lodge of the Knights of Harmony last night in the lodge rooms in the Whitaker building. There are half a thousand members of this lodge, and the greater part of them, with numerous friends, were present.

Laborers who were cleaning out the belfry of the old Caswell Street Methodist church, carried down enough birds' nests to fill a two-horse wagon. The work of a host of sparrows during a number of years was dumped in a pile in front of the church, where it attracted much attention before being hauled away. The enormity of the task of the little feathered fellows in littering a steeple so thoroughly is appreciated when it is realized that the material for the nests was gathered a straw at a time.

CONSPIRACY TRIAL

Interesting Developments in Case of Dynamite "Planting"

Boston, Mass., May 27.—The defense in the dynamite conspiracy trial succeeded today in introducing evidence that on the night of January 9th, 1912, during the hours when the government alleges President William M. Wood, of the American Woolen Company, and Frederick E. Atteaux were forming a conspiracy to "plant" dynamite at Lawrence, both defendants were attending a conference of mill agents, during which an appeal to the strikers to refuse to work was agreed upon.

Since the beginning of the trial the prosecution has sought to prove that Wood, Atteaux and Denis J. Collins conspired with John J. Breen and E. W. Pitmann, to prejudice public opinion against the strike of textile operatives at Lawrence, by hiding dynamite on premises occupied by the strikers. The evidence regarding the conference was brought out during the cross-examination of Water M. LaMont, agent of the Wood mill, one of the American Woolen Company's plants at Lawrence.

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there's a grandma who knows Mother's Friend. Not only is she reminiscent of her own

experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents caking of the breasts.

It is quickly and wonderfully penetrating, permits the muscles to expand without the strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear.

No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days will be cheerful, the nights restful. Thus the health is preserved, the mind is in repose and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at $1.00 a bottle. Do not forget nor neglect to be supplied with this greatest remedy ever devised for motherhood. It is unfailing. Write at once to Bradfield Regulator Co., 133 Lamar Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

Cockroaches SHOULD BE KILLED

At the first sign of the repulsive cockroach or waterbug, get from your druggist a box of the genuine Stearns' Electric Rat and Roach Paste and use it according to directions; and in the morning you can sweep up a panful of dead cockroaches. Ready for use; does not blow into the food like powders.

Stearns' Electric Paste is sold on guarantee of money back if it fails to exterminate cockroaches, rats, mice, etc.

Sold by druggists, 25c and $1.00, or sent direct, charges prepaid, on receipt of price.

Growing Children Need Good Bowels

Give a Mild Laxative Occasionally to Insure Regular Bowel Action

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring and prompt action will follow in the morning, it not only acts on the stomach and bowels, but its tonic properties build up and strengthen the system generally. Mrs. Henry Babler Van Dyne, Wis., writes that her little son, Melvin Babler, was constipated most of the time until she gave him Dr. Coldwell's Syrup Pepsin. Since using

MELVIN BABLER

this remedy he has never been constipated.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to W. B. Caldwell, 417 Washington street, Monticello, Ill., and a free sample bottle will be mailed you.

"Clincher" Paint

We know a paint which holds to the wood like a driven nail. Seasoned lumber is porous. The pores are the empty sap-cells. White lead paint, which dries on the wood in the form of a solid, elastic film, fastens into these pores, and the whole coat of paint is actually riveted like armor-plate to the surface it decorates and protects.

Lewis White Lead
(Dutch Boy Trade Mark.)
and Pure Linseed Oil

make the paint that spreads into a solid body. It becomes a part of the wood itself—an outer layer that preserves the life of the lumber.

The following dealers sell it as well as other painting requisites.

FULL ASSOCIATED PRESS REPORT.

Wednesday, May 28, 1913.

Even being full of remorse is better than being as full as a tick.

There are two kinds of women—some kind and the others unkind.

Some men blame all their troubles on others while some put all the blame on booze.

If the Republicans keep on "getting together" they may get together in time for the 1928 campaign.

Of all glad words of tongue or pen, the gladdest are these, "the Senate has confirmed your appointment."

A Washington lobbyist could tell you a lot of things he'd rather have after him than President Wilson.

It must be admitted that however much the latest fashions from gay Paree are abominated, everybody looks.

"Newspaper reporters," a man complains, "don't never git nuthin' right." Now let the stricken deer go weep.

A knocker generally is knocking around doing nothing. The chronic knocker is sure to get at the foot of his class.

Simplified spelling is helping out poets who desire to get a rhyme out of such words as expect, aspect, reflect and henpect.

Mary Garden is in Europe and is attracting a great deal of attention. She does that everywhere she goes. She doesn't put on much clothing but puts on eough airs to make up for it.

We are all aware that our Southern country is chock-a-block with opportunities but too often we wait until some outsider shows them to us after he has acquired the title papers.

One reason they have for thinking a young man in one of the county jails is crazy is that he prefers sleeping on the floor to sleeping on the bed. Maybe they don't bother him so much on the floor.

If the directors of the North Carolina Railroad Company get passes good over all the Southern's seven thousand miles it will add much gaiety to the scramble when a vacancy occurs.

Land values in the trucking region are always upward. The man who invests in eastern North Carolina land can rest assured of an increased value equal to the best dividend-paying stock in America.

When a squash is young and tender it is sought after, but when it gets old and becomes a cymblin nobody wants it for any purpose. About the same thing happens to people when they reach the simlin age.

If all the energy that has been wasted hanging around the doors of the powers that be at Washington had been utilized in cutting stove wood there would be fewer women at the woodpile along about 11 A. M.

"Should a man lend his automobile?" is one of the subjects now under discussion. Well, it depends on whether the borrower is an editor who will promise not to exceed the speed limit. There are others who couldn't be trusted with a machine.

When the government attempts to show that telephone monopoly is a bad thing for the country, it has undertaken a very hard job. The more people you can reach over a single line, the more valuable your telephone service. In some things, it seems, combinations help.—Greensboro News.

A New York man has eye-teeth an inch long. The probability is that after cutting his eye-teeth he kept right on hanging around New York indulging in all sorts of experience. If the average New Yorker's eye-teeth were to grow in proportion to his experience, it would give him the appearance of growing ivory for tooth brush handles.

Nat Goodwin was the groom at his fifth wedding a few days ago, and a newspaper account of his marriage says: "He went to the altar with a smile on his face." Of course, he did. His failure to smile would have shown that he wasn't accustomed to getting married. He leaves it to the one-timer to look as if he is satisfied he is taking a false step.

Don't ever feel like you are licked just as soon as the other fellow starts something. He is liable to bite off more than he can chew, while a big bluff up to the last minute may make him take a notion to stroke the plumage of the dove of peace. It happens quite often that the other fellow is as scared as you are, and, even so, a black eye is more ornamental than the white feather.

A boy should be taught to be proud that he is able to work and to be ashamed of himself for not knowing how to work. The real cause of shame in a man should be the consciousness that he doesn't know enough to make a living for himself. To be ashamed to work is to be ashamed of being independent. To be dependent on others is when a boy or a man has cause to be ashamed and stand in dread of the just reproach of those who can take care of themselves anywhere.

WILMINGTON AND SOUTHPORT.

The Star yesterday had something to say about Southport, but in a brief space it was impossible to mention a great many things that came under our observation. So far as realizing upon Southport's advantages, adaptabilities and opportunities are concerned, the chief factor in her development is the Wilmington, Brunswick & Southern Railroad, extending from Wilmington to deep water at the entrance of the Cape Fear ocean gateway. If there is any "City by the Sea" it is Southport, for one can look right across the harbor and see the heaving ocean just beyond the bar. Southport commands an eligible location where ocean and river navigation offer an unequalled opportunity for commerce. Strange as it may seem, the facilities heretofore were lacking to make the opportunity available. Those lacking facilities were a railroad connecting with the distributing carrierse radiating into the North, South and West out of Wilmington, and the docks and piers necessary for commerce. Now, however, Southport has a railroad and the railroad company will soon complete docks and piers and then be ready for business.

Commerce depends on water and rail transportation, and till there is a physical link between the two, the broad Atlantic could never be a commercial asset for Southport. Neither could the railroad serve Southport effectively till it got deep water connection at its pier. With the pier completed, the ocean and the railroad are just now available as a powerful means for doing commerce and for bringing about the development of Southport. This shows how dependent the ocean is on railroads and how dependent are the railroads on water transportation, both being absolutely necessary to combine transportation in its most powerful sense.

The ocean cannot build a city, deep water cannot build a city, and a railroad cannot build a city, but they furnish the potential factors that enterprising men utilize to that end. With the ocean, the railroad and docks and piers soon to be combined, Southport will have the united forces upon which she can depend for going ahead.

When the pier is completed, therefore, you can watch Southport grow. However, there already are evidences of growth at Southport. The city is now lighted by electricity, considerable work has been done towards improving the streets and sidewalks, new business and residential structures have been reared, stores have been enlarged and improved, two banks are doing a good business, and the people are full of spirit and hope. We had better add confidence, because Southportians have got it. All they need now is assurance, and that they will get when ships begin to tie up to the W. B. & S. pier and increase the traffic of the railroad. The ships will burnish traffic for the railroad, and the railroad will furnish cargoes for the ships. That time is mighty close at hand now, so that we can say that Southport is right on the eve of getting on the map.

Southport is about ready for business and when it starts it will be of immense advantage to Wilmington. Practically it will double the commercial importance of this port. At Wilmington and Southport it will have two physical connections with ocean traffic, and the development of commerce at either point will make the other all the more important. It will greatly enlarge their manufacturing advantages, and make the two cities ideally adaptable for industries. It remains for the people of both Wilmington and Southport to recognize their opportunities or to make them known to others with capital. Wilmington stock surely is going up when ocean liners begin to call at Southport, and when steamers commence to put in there for coal, preparation for which the railroad has made to a certain extent. The present facilities will demonstrate Southport's availability for huge coal chutes and this is but the opening wedge.

The Southport News is one of the constructive forces of the city. It is a neat, thrifty, live newspaper, and it breathes the spirit and aspirations of the city. Mr. Joseph W. Little and associates recently became owners of the paper and they are prepared to make it equal to any development that may occur at Southport. Mr. J. B. Haman is the editor and he is right on the job that will do the most for Southport. The News has been a great factor in magnifying the importance of Southport, and as its former editors and publishers, Mrs. Euna Clum Atwood and Miss Kate E. Griswold, set a lively pace for the new publishers.

The News was made to sparkle under the management of the ladies. They made the paper unique in its freshness, piquancy, independence and vigor. It was the only North Carolina paper that was owned and edited by women. They had opinions and didn't hesitate to express them. They got the news and gave it in words that made every line appear to be a thing of life. They got business and did business on a scale that would set a hard pace for the average editor of a weekly newspaper. They wrote the articles, read the proof, got out the paper, and conducted a paying job printing business.

The lady editors took a live interest in political and public affairs, and in every particular established a high standard for the News. Their paper was a splendid representative of the aspirations for Southport as a port, and its editors struck out boldly and zealously for everything bearing upon the progress, development and advantage of their town. The ladies will still be interested at Southport and while they return North they have tied to them a string that is going to bring them back either early, or often, or for good.

NEWSPAPER CONSOLIDATION.

The Union Republican published at Winston-Salem, makes the announcement that the Raleigh Caucasian has been taken over by the Republican, which paper hereafter will go to the 12,000 subscribers of the two papers. The name of the Caucasian totally disappears, but the Union Republican in its familiar form retains its identity, holds fast to its former policy and will maintain the fixed standard of its long years of existence.

The Union Republican is one of the best weekly newspapers in the State. It is a thoroughly excellent family paper and it has a character and individuality all its own. In politics it is Republican to the core, and after having read it with interest and pleasure for many years we have recognized the fact that the editor always expresses his honest convictions with firmness and broadness. Well, the old Union Republican is a sturdy paper, and while its politics differs from that of The Star it is always a welcome and esteemed exchange.

The Union Republican frankly differs with The Star sometimes and at other times is generous enough to agree with it. It looks on one side of the shield while we look on the other side. What boots it if we see through different spectacles just so we can agree that the consolidated city of Winston-Salem is some town?

GREETINGS TO THE SLOW COACH

O, you boy at the tail end of these graduating classes, cheer up! We've seen you many a time and oft, out in the world where the big fight goes on, standing on the ramparts with the colors in your fist, while the medal-winners and the class leaders and the valedictorians were either shot full of holes or were in full retreat. The race, of a verity, is not always to the swift. Sad though it is, it is nevertheless more often the case than otherwise, that the brightest boys in college are eclipsed in the workaday world by the boys whose fingers were not nimble with the pen, whose tongues were not limber in debate and whose brains took hold on problems with painful slowness. They had to dig for what they got, and once they got it, they had it and kept it and put it to use. All honor to the boy who leads his class; but here's to the boy who tails it!

Blow for your town but don't blow it up.

CURRENT COMMENT.

Two steam shovels, one working from the Atlantic and the other from the Pacific, have met in the Panama canal. Recently the waters of the Pacific were admitted at the canal's southern extremity. Evidence is accumulating that the long looked for day when ships will avoid the voyage around the horn by a short cut across the Isthmus is near.—Savannah News.

The season at Wrightsville Beach opens next Saturday and you may watch for those paragraphs about the peaches at the beach which friends Cowan and Clawson exercise the time-honored custom of repeating each year; but there is 12 months in between and nobody need know that they got down the files for the copy. —Rocky Mount Telegram.

The completion of the Panama Canal is now promised by October 1st, next, if those pesky slides are not greater than due. More laborers are to be imported from the West Indies and work rushed as never before. Our navy will soon possess virtually twice its effective strength—though, of course, we should not at the present time talk or act as if we greatly cared.—Charlotte Observer.

AT ELON COLLEGE

Commencement Exercises to Begin Saturday—The Programme

(Special Star Correspondence.)

Elon College, N. C., May 26.—The 24th annual commencement exercises of Elon College will begin on Saturday evening of this week with the Senior class day exercises. These exercises will continue till Wednesday evening of next week and promise to be of uncommon interest.

The baccalaureate sermon will be delivered on Sunday morning at 11:30 o'clock by Dr. Warren H. Denison, of Norfolk, Va., whose subject is to be "Life's Great Rule."

President Harper, of the College, will deliver the baccalaureate address that evening, using as his theme "Life's Essential Ingredients."

The three literary societies will give the programme of their representatives on Monday evening, at which time also the board of trustees will meet in annual session. The meeting of the building committee of the board, which has had charge of the erection of the new gymnasium, will occur Monday at noon and the committee will make its final report to the board of trustees that evening.

Tuesday morning Dr. Charles W. Kent, of the University of Virginia, and one of the South's foremost scholars, will deliver the literary address before the societies, using as his theme "Lincoln and Davis," it being the anniversary of the birthday of President Jefferson Davis, of the Confederacy. Dr. Kent will be heard with gladness on that theme. That afternoon will occur the business meeting of the Alumni Association, and the recital of the department of expression, and that evening the annual concert of the music department will take place.

The great day of the entire season will be the final day next Wednesday, when the graduating class will have its final exercises at 10 o'clock. At this time 52 persons will receive degrees, diplomas and certificates, the largest number to be so honored at any commencement up to this time.

The art exhibit will be given in the West Dormitory annex on the afternoon of this day and the evening will be taken up with the alumni address by Mrs. J. K. Ruebush, Dayton, Va., whose theme will be "Universal Democracy." Following Mrs. Ruebush's address will occur the annual alumni banquet in the college dining hall.

WILSON NEWS NOTES.

Police Activities—Commencement at Atlantic Christian College.

(Special Star Correspondence.)

Wilson, N. C., May 27.—Mayor Dickenson had a big bunch of Saturday night violators of the law before him yesterday. Twenty-five cases and total receipts from fines and costs of $148, tells the story briefly. In addition three offenders went to the roads. Notwithstanding the search and seizure law it seems that Wilson has too much of the Blind Tiger whiskey and especially on Saturday nights.

Local police officers are looking for Jim Simms, a negro who recently completed a two-year term in Wayne county for shooting another negro. Simms is wanted this time for shooting, or attempting to shoot Fenner Moore. The trouble occurred yesterday afternoon in the yard of Moore's home. Moore disappeared immediately and the officers are not able to get evidence. Four negro women found in the house deny any knowledge of the trouble.

Mr. and Mrs. James C. Williams have announced the approaching marriage of their daughter, Miss Louise, to Mr. John R. Raines. The event will occur in the Wilson Methodist church, June 4th.

The oldest brick building in Wilson at present occupied by Mr. Ernest Deans, will be torn away and a modern two-story structure erected at once. The present building was erected just after the war and was occupied by Dr. Lawrence as an office until his removal to St. Louis.

Wilson people are enjoying the commencement at the Atlantic Christian College this week. The annual concert was given last night and the auditorium was crowded. The programme rendered by the College Glee Club, the College Choral Club, the College Male Quartette, and the Ladies' Quartette, was exceptionally good.

This afternoon the "May Pageant" with the rendition of "As You Like It" on the college campus was the event of much pleasure. Senior class day Wednesday will be followed by the annual debate in the evening and the finals will conclude with the annual address by Congressman John H. Small Thursday morning and the members of the class of 1913 will receive their diplomas.

BIF MOONSHINE STILL

Capture in Cumberland County—Run Down by Lumberton Auto

(Special Star Correspondence.)

Fayetteville, N. C., May 27.—Deputy Marshal D. C. Downing and Deputy Sheriff J. McD. Monaghan reached town early this morning from a point about four miles above Manchester, where late Monday night they captured and confiscated a 65-gallon liquor still, 1,400 gallons of mash and beer, 11 beer stands and all necessary worms for the operation of a first-rate moonshine liquor distillery. Andrew Brinkley, alleged owner and operator of the outfit, was captured with a mule and wagon as the officers were on their way to Fayetteville with the contraband stuff. Brinkley had with him 20 gallons of corn liquor.

W. J. Jones, of Campbellton, became confused and was run down by an automobile owned and driven by a Mr. Stevens, of Lumberton, in front of Souder's drug store early today. Mr. Jones was thrown to the pavement but the car did not pass over him, having been driven slowly and with care. In the car with Mr. Stevens were ex-Judge T. A. McNeill and Mr. E. E. Page, of Lumberton. Mr. Stevens gave $400 bond pending result of Jones' injuries.

THE FAYETTEVILLE RAID.

Defendants of a Year Ago in Court There Monday.

(Fayetteville Observer, 27th.)

The close of the first day of criminal court here saw a good deal of business done by Judge Ferguson, as usual. There were several cases of minor offenses gotten off the docket, but the most important were those for selling beer last Summer in violation of law. Our readers will remember that Sheriff McGeachy seized many barrels of the amber liquid during the firemen's tournament. The cases have been continued once or twice, but on Monday the following defendants pleaded guilty: G. L. Haywood, J. H. Sullivan, W. P. Surles, T. O. Martin, E. L. Odom, J. L. Robinson

The solicitor stated that these men would plead guilty, and he recommended suspension of judgment upon payment of costs, the defendants understanding that if new indictments were brought against them, the old cases would be taken up again Judge Ferguson suspended judgment, and the defendants paid the costs.

COULDN'T RAISE HEAD OR HAND

And Had Lost All Hope of Recovery —Now Runs Sewing Machine

Scottsville, Ky.—In an interesting letter from this place, Miss Jennie Meador writes as follows: "I was in an awful condition, caused from womanly trouble. Was confined to my bed, and couldn't raise my head or hand. In fact, I had lost all hope of ever getting well.

"I began taking Cardui, the woman's tonic, and I can now work in the garden, run a sewing machine, have gained 15 pounds, and am as happy as can be.

You may publish this letter if you wish. I wish all ladies, suffering from womanly trouble, would give Cardui a trial, as I am sure it would help them."

Cardui is a pure vegetable extract, that has no severe medicinal action, but acts mildly and gently, as a medicine should act, and therefore, can have no bad after-effects.

You can rely on Cardui to help you, just as it has helped so many thousands of other women in the past half century. It goes to the seat of the trouble and builds up womanly strength where it is most needed.

It is always wise to have a bottle of Cardui on hand, ready for use. Get a bottle today, so that you can take a dose or two whenever you feel you need it. At your drug store.

BOTH BOND ISSUES CARRIED

Over 100 More Votes Than Necessary for Schools and Road Bonds Thought to be Safe—Good Vote Despite Rain.

Semi-official returns received last night from all the precincts in the county save one indicate that in the election yesterday the proposition to issue $175,000 of bonds for school purposes carried by a margin of 115 votes and that of the proposed road bond issue of $100,000 is safe by about 27 votes.

The majorities will more than likely be increased by the returns from Federal Point township, which could not be heard from last night. It was stated by those who had canvassed the situation in the township prior to the election that nearly every one of the 25 or 30 persons who had registered were heartily in favor of the road bond issue and a majority would support the school bonds.

The advocates of the two issues view the result as a splendid victory for the cause of education and good roads in the county, especially as they not only had to work against the registration books, but had to combat the elements as well, for it rained nearly all the morning, slacking up a little in the middle of the day, beginning again in the afternoon and continuing intermittently the remainder of the day. Most of the votes were cast in the afternoon and probably more than half after 4 o'clock, up until which time both propositions appeared to be lost.

The actual number of votes cast against the bond issues were small. There were only 132 votes against the schools and 181 against the roads. But to carry the issues it was necesary to get a majority of the registered vote. For the school bond election there were registered in the precincts heard from last night 1,779 and for the road bond election 1,789. Therefore in order to carry the issues it was necessary to get 890 votes for the schools and 895 for roads. All above these figures were counted as a majority. For school bonds there were cast 1,005 votes and for roads 918 votes, giving to the former 115 more than necessary and to the latter a margin of 27. As stated above, these majorities will likely be increased by the returns from Federal Point township.

No official returns were made last night, but as the vote as given in The Star this morning was obtained from election officers, it is believed to be very nearly accurate.

Pleased at Result.

By voting $175.000 of school bonds yesterday New Hanover county has made a record. It is the first county in the State to vote so large an amount for a single bond issue for school purposes. There are many counties in the State that have a larger bonded indebtedness created for school purposes, but the amount was voted at different times. This is the first bond issue for schools ever voted in this county. The bonds are to be sold as needed and the money invested in the improvement of the school buildings. Wooden structures will be torn away and modern brick buildings will be erected in their places.

Members of the Board of Education, the committeemen and school faculties of the city and county and, in fact, all those who are interested in the cause of education were rejoicing last night at the success of the bond issue. The school children were as much concerned about the outcome of the election as many of the older ones and the boys and girls of the schools had no unimportant part in carrying the election for the bonds. They worked for several days before the election and they did not stop until the polls closed last night. The children are given credit for winning a number of votes for the cause.

Chairman J. O. Carr, of the Board of Education, was asked last night for a statement and he replied, "I am glad." In a nutshell, those three words expressed the feeling of all who labored so faithfully and effectively for the bond issue, but being questioned further, Mr. Carr said:

"I am very much gratified at the result of the election, and the public may rest assured that the bond money for public school improvements will be spent judiciously and only as needed. The natural increase in pupils each year together with the recent act of the Legislature providing for compulsory education will make it necessary for the Board of Education to begin at once to provide for additional school facilities by the opening of the schools in the Fall; but we shall move cautiously and shall not spend the money recklessly simply because it is at our command."

Mr. John J. Blair, city superintendent of schools; Prof. Washington Catlett, county superintendent of public instruction; city and county committeemen, all expressed themselves as highly gratified that the election had resulted in favor of the bond issue.

While the returns received last night do not indicate beyond a possibility of doubt that the road bond issue carried, it is generally believed that it went through with about 50 votes to spare. This will enable the County Commissioners to continue the permanent road improvement and there was much rejoicing at the apparent success of this issue as well as the school bonds.

COURT GRANTS INJUNCTION.

City's Order for Destruction of Building Held Up.

In Superior Court yesterday Judge Justice granted a temporary injunction against the city and Mr. J. M. Solky, in the matter of the condemned McIlhenny building, northwest corner Second and Market streets, and cited them to appear at Kinston, June 10th, at chambers, to show cause why the injunction should not be made permanent. The city, anxious to close the matter up at the earliest moment, will probably ask the court to reopen the case, and make decision while Judge Justice is here, and Mayor Moore has instructed the city attorney to ask the court to take final action this week.

The building, as is known, was condemned by a committee of the Mayor, Chief of Police and Building Inspector, and Council passed a resolution ordering the owners of the building to commence the work of removing it within five days. This limit expired yesterday.

Mr. Solky appears as party to the proceedings because he is demolishing the Bonitz Hotel property, adjoining, preparatory to building a theatre. The complainants are Mrs. Daisy L. Knox, of Charlotte, who holds a half interest in the property; her husband, Mr. H. E. Knox· Mr. H. H. McIlhenny, Mr. and Mrs. Washington Catlett, Mrs. Sarah C. Lockhart, and Mr. and Mrs. T. A. Mabry, who are represented by Jos. W. Little and A. G. Ricaud, Esqrs.

John D. Bellamy & Son represent Mr. Solky, and Herbert McClammy, Esq., city attorney, appears for the city.

WHITE MAN SHOT NEGRO

L. W. Johnson Wounded Tom Devane With Pistol Last Evening

About 6:30 last evening near Ninth and Dock streets, L. W. Johnson, a white man, shot and wounded Tom Devane, colored, in the thigh. Both were apprehended and taken to police headquarters, where Devane was examined by a hospital physician who ordered him sent home. Johnson, who was accompanied by his wife, was held until he could arrange bail in the sum of $100 for his appearance Friday morning at 9:30 before the Recorder. Johnson appeared unbalanced, and seemed to be either under the influence of something or not right in his head. He claims that negroes have repeatedly chased him and shot at him, and that yesterday afternoon Devane did this, running him to his home, where he turned and fired on Devane. The negro alleges that Johnson came into his shop and pulled his gun, flourishing it, and that as he started to run into an adjoining room, Johnson fired, the ball passing through the door and hitting him in the leg. Johnson is said to have beaten a negro the other day on the charge that he winked at his wife, and last night he said he wanted a warrant for that negro also. Devane was recognized for his appearance Friday, being charged with an assault with a deadly weapon.

CORN CROP PROMISING.

County Demonstrator Says County Has Some of the Finest Ever.

Mr. J. P. Herring, in good humor over the splendid and much needed rains of yesterday, told a Star man that New Hanover has some of the finest corn that he has ever seen in the county, and that the crop generally promises well. The boys are sticking to their prize acres and are taking interest in the work that knows no flagging. They are laboring hard to win a prize. Mr. Herring wishes it stated for the benefit of the Pender and Brunswick county boys who will compete with New Hanover boys for the $200 put up by the Mission Pharmacy and the Coca-Cola Bottling Works, that the time is at hand for them to send in their names to him, so that they may be regularly enrolled in the contest and their acres looked after. His address is Wilmington, R. F. D. No. 1.

DEATH OF MRS. WESTBROOK.

Occurred Yesterday Morning in Hospital—Funeral Today.

Mrs. Catherine E. Westbrook, No. 713 Grace street, widow of Mr. J. H. Westbrook, died yesterday morning in the James Walker Memorial Hospital, following a brief illness. The remains were prepared for burial at the funeral parlors of Mr. W. E. Yopp and will be buried today at 10 o'clock at the Harrison Creek church graveyard, in Pender county. Mrs. Westbrook was in her 57th year and is survived by seven daughters and one son: Mesdames F. G. Batts, Newbern; R. W. Futch, Harrison Creek; Z. E. Ennett, Middle Sound, and S. F. Young, Columbia, and Misses Carrie, Eva and Lena Westbrook and Mr. O. V. Westbrook, of this city. All have the sincere sympathy of their many friends in their sad bereavement.

Goes to Atlantic Hotel.

Mr. William J. Blow, for half dozen years or longer a clerk at The Orton, this city, leaves on the early morning train for Morehead City where he becomes chief clerk of the Atlantic Hotel, at that famous North Carolina seashore resort. He carries with him to his new position the best wishes of a host of friends for his success and prosperity.

Thompson-Dixon Nuptials.

Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, officiated last evening at 8 o'clock at the wedding of Mr. Walter M. Thompson, of Richland, N. C., and Mrs. Beatrice Dixon, daughter of Mrs. Mary E. Duncan, of this city.

SUPERIOR COURT CASES.

Number of Cases Disposed of Yesterday—Brief Session Held.

Superior Court was in session yesterday morning a little more than two hours and upon re-convening at 3 o'clock, the jury was dismissed until this morning at 9:30, while the judge and attorneys went over the calendar, arranging today's cases.

A case that promised to consume not less than two days went off the docket yesterday morning when the suit of the Murchison National Bank against the Dunn Oil Mills Co., was settled out of court. It involved several notes and had been on the docket some time. A non-suit was ordered and the case of W. M. Hurst against T. G. Sykes, an action for damages for alleged seduction. Other cases were: W. L. Squires vs. Wynnewood Lumber Co., dismissed at plaintiff's cost; Jefferson Moore vs. Metropolitan life ins. Co., continued; Kentucky Horse & Mule Co., vs. J. J. Furlong, continued; Ida J. Weathersbee, et al., vs. C. E. Goodwin, order for new parties; J. R. Croom, et al., vs. E. J. Hocutt, et al., referred to E. S. Martin, Esq., under the code; Clere Clothing Co. vs. J. W. H. Fuchs, judgment non-suit, defendant also takes non-suit on counter claim; Anthony Davis vs. Wilmington Cooperage Co., dismissed; Wilmington Door & Lumber Co., vs. Empire Mfg. Co., judgment non-suit; Phil G. Kelly Co. vs. N. E. Farrow, non-suit; Thos. J. Kenan vs. Board of Commissioners of New Hanover county, order of survey.

THE RECORDER'S COURT.

Buie Given Year for Retailing—Larkin Held as Witness.

The Recorder convicted W. C. Buie, colored, of selling whiskey yesterday and gave him six months on the roads, and found him guilty of having more whiskey on hand than the law allows, and gave him six months for that. He gave notice of appeal, but later withdrew it and this morning will leave for the camp.

Herbert Larkin, charged with instigating the murder of May King, colored, by Rachael Pollock, who has confessed that she did the shooting, was discharged and immediately held as a material witness. This morning his bond as a witness will be fixed, and if he can't give it, he will have to stay in jail till September, just as if he were held on the charge of being an accessory before the fact.

George Freison, colored, on charge of conducting a gambling house, was presented with three months. A count of disorderly conduct against him was dismissed. William Nelson, larceny, not guilty.

The five white women charged with vagrancy appeared for trial again, and again their case was postponed until Saturday, the attorney for several of the defendants, John D. Bellamy, Esq., being detained in Superior Court.

DEPUTY COLLECTORS NAMED.

Collector Keith Back from Tour of East Carolina Ports.

Mr. B. F. Keith, collector of customs at this port, returned yesterday from a tour of the other ports in his district, each of which he had visited for the purpose of selecting deputy collectors to take charge of the local customs offices when the consolidation of the various ports under the authority of the Wilmington office takes effect July 1st. These deputy collectorships pay a salary so insignificant that it is a hard matter to get men to serve, and none will serve unless they have other business and can look after customs on the side, so to speak. However, Mr. Keith secured deputies at all points with experience in this particular work, except Newbern, where he found a person without former experience in the service, but who is regarded in every way qualified for the position.

The consolidation will throw a lot of additional clerical work on the main office at this port, without any provision for additional help. The present force in the customs house will be forced to look after this extra work, and there will be no new jobs created by the consolidation, which is effective July 1st.

WHISKEY ORDERED DESTROYED.

Lot of Perfectly Good Oil of Joy to be Poured Out.

By order of Judge M. H. Justice issued yesterday morning in Superior Court, Chief of Police Fowler will destroy about 165 gallons of whiskey which the police have seized from time to time. Some of it would kill a man 40 yards off hand and some of it passes as perfectly good whiskey, there being 19 quarts of "Full Dress" rye and other favorite brands in the lot. One package alone, a huge trunk, contains over 300 half-pints and a number of quarts. It was taken from the express office and never claimed. Chief Fowler hasn't decided when or how he will carry out the order, but thinks he will eschew any publicity, deeming it entirely unnecessary to wantonly inflict cruel and unusual punishment on anybody by smashing the stuff on a street corner and letting it run into a sewer. However, the chief will make announcement of the time and place and will have a number of witnesses to the wholesale destruction of the booze.

Judge Justice in Lenoir.

Judge M. H. Justice, who is presiding at New Hanover Superior Court this week, held Lenoir county court last week in Kinston, and a dispatch from that city states that his honor cleared the heaviest docket in many years. About 150 cases were tried or otherwise disposed of and prison sentences aggregating 20 years were imposed. By far the larger number of these cases were for selling whiskey. Two women were sent to jail for retailing.

AFTER FIVE YEARS.

Winthrop Child Was Restored to Health by Vinol.

"Five years ago our little girl had a severe attack of diphtheria which left her subject to bronchitis and stomach trouble. She has been almost constantly under medical treatment. I have also tried two or three remedies containing cod liver oil but found her stomach rebelled against the oil. Reading your description of Vinol I decided to try it and did so with most astonishing results. I cannot begin to tell you how she has improved, because you do not know what a little sufferer she was for five years. She has gained ten pounds since she commenced to take Vinol, and the story of what Vinol has done for her is only half told in this letter." Mrs. Adelaide Mulloy, Winthrop, Mass.

Vinol contains all the healing curative properties of cod liver oil, without the oil and tonic iron added. That is why it helped this little girl after other remedies had failed.

We ask mothers of weak, sickly children to try Vinol on our offer to give back your money if it fails to help them. Robt. R. Bellamy, Druggist, Wilmington, N. C.

THE HEALTH BUDGET AGAIN

County Board of Health Agrees to Cut But Will Not Let Council Dictate as to Where Reductions Shall Apply

Although the settlement of the controversy between the City Council and the County Board of Health with reference to the health department budget appeared Monday to be in sight, an adjustment of the differences has not yet been achieved; the breach would seem to be almost as wide as at any time since the dispute arose over the question of whether the amount taken from the budget is to apply to salaries alone or to the budget as a whole.

The County Board of Health in special session yesterday afternoon consented, under protest, to the reduction of $2,420 as agreed upon by the City Council and County Commissioners in joint session, afterwards ratified in separate session of each body, but respectfully maintains the right to say whether the reductions is to apply to salaries or other features of the health work. A resolution was adopted setting forth the position of the Board of Health and calling on the City Council to deposit on June 1st, as required by law, the city's monthly proportion of the year's expenses.

The resolution will be placed before the Council at its meeting this morning. It is expected that immediate action will be taken, as the budget must be finally settled this week, if the law is to be carried out.

The Resolution

"Resolved, That the Board of Health acknowledges receipt of notice from the City Council that the budget submitted to them had been reduced from the sum originally asked for, making the city's proportion of the entire amount $23,784, or a monthly appropriation of $1,981.66.

"That we note the recommendation of the Council that the two assistant physicians allowed under the budget be paid a salary of $1,500 each.

"That we express to the Council our regret that the budget was not approved as submitted to them. In view of the fact that our board had already considerably reduced the estimates as submitted to us by the city and county superintendents we feel that this additional reduction will to some extent impair the work of the board for the preservation of the health of the community.

"That while the Board of Health is desirous of doing all in its power to meet the views of the Board of Councilmen and the Board of Commissioners it must insist upon being left free to expend the funds which come into its hands in such manner as to them seems best to preserve the health of the community. The responsibility for the conservation of the health interests of the city and county is laid upon us and until these responsibilities are shifted to some one else it seems manifestly necessary that we shall have complete control of the funds which are set aside for this purpose.

"That we request the Council to deposit on June 1st in the Southern National Bank the city's monthly proportion of the year's expenses, so that the health work of the city and county may not be interrupted or impaired."

The resolution was carried by a vote of four to one, as follows: Ayes, Chairman Willard, Prof. Washington Catlett, Drs. J. B. Cranmer and Chas. P. Bolles; nay, Mayor Moore.

The position of the four members voting for the resolution was that the law made them responsible for the work of the health department, providing that they should elect its officers and employes and fix their salaries, and while they conceded the right of the Council and the Commissioners to reduce the total sum of the budget neither body has the right to dictate what shall be paid to this or that official or employe of the department. They maintained, furthermore, that the Council has no more right to say to the health board that certain salaries must be paid than it has to dictate to the board of managers of the James Walker Memorial Hospital, to which the city contributes $6,000 a year, how much shall be paid to the superintendent and other employes of the institution. They pointed out that the principle was the same and that the law did not go further in one case than in the other. Moreover, the four members of the health board referred to, contended that it was strange that the Council should raise such strong objection to the salaries and never a word about the appropriation for the other features of the health work. It seemed to them that the Council should have done a little "figuring" as regards the other items in the budget.

Mayor Moore said he understood the position of the other members and rather agreed with them but he would vote against the resolution because he felt it had already been settled.

Messrs. T. B. and D. J. Prease, of Prease Bros. Co., tinners, who also conduct a plumbing department, and Mr. G. T. Grotgen, a plumber, who recently retired from the work, appeared before the board to protest against the election of Mr. John Mathers as plumbing inspector on the ground that he is not qualified for the work and also charging that in his inspections he had shown favoritism. The election of a sanitary engineer and plumbing inspector had been left open by the board in order to hear objection it was understood would be made to the selection of Mr. Mathers. Inasmuch as the settlement of the budget is of first consideration it was decided yesterday to defer any action with reference to engineer and plumbing inspector until later.

It was proposed by the plumbers that Mr. Mathers be required to stand an examination before a board of plumbers. They asserted that they would have no trouble in convincing any man who knows anything of sanitary plumbing that Mr. Mathers is not qualified to pass on plumbing work.

Dr. Nesbitt, superintendent of health, was present and stated that Mr. Mathers had stood the examination before the highest authority in the State, Col. J. L. Ludlow, the sanitary engineer of the State Board of Health, before he was ever placed in charge as inspector of plumbing. Col. Ludlow had given Dr. Nesbitt a letter in which he attested to the fact that Mr. Mathers had met every test and was qualified in every way for the work. Dr. Nesbitt said there was absolutely no question of Mr. Mathers' capabilities and stated further that he had been doing the work satisfactorily for the past year and a half. "Satisfactory to me," said Dr. Nesbitt, "but not satisfactory to some of the plumbers because these plumbers have been required to put in 'law-abiding' plumbing."

Dr. Nesbitt said that there had been absolutely no partiality shown in the inspection of the plumbing, that a job was passed or rejected on its merits and its merits alone. He also pointed out the fact that the largest plumbing establishment in the city had not entered a protest against the election of Mr. Mathers.

The new plumbing ordinances are now in effect and it is proposed to adopt the same as regulations of the Board of Health so that they will apply to the entire county. An examining board is soon to be named and every plumber will be required to stand an examination. The board will be composed of a member of the Board of Health, a master plumber selected by the Board of Health and the plumbing inspector. This board will be selected and organized so as to take up its work June 1st.

M'KOY MAKES CONFESSION.

Negro Implicates Two Others in Cottle Store Breaking.

George McKoy, colored, who was arrested Monday morning for being beastly drunk, and who later was held on charge of breaking into the Cottle drug store, Eighth and Castle streets, the stolen goods having been found under his house, yesterday made confession and told where the three gallons of alcohol stolen could be found. Also he said that Jim Brown and Bill Connor, colored, were with him in the robbery. The officers found the alcohol, buried where he said it was, and arrested Brown and Connor. All three will appear this morning before the Recorder.

Rev. G. W. McClanahan Called.

Sunday morning the congregation of St. Matthew's Evangelical Lutheran church extended a cordial, unanimous call to the pastorate, to Rev. G. W. McClanahan, who has been supplying the church for four months, having come here from Pennsylvania. He has given general satisfaction and the congregation greatly desires that he become permanent pastor. He has not as yet indicated his acceptance.

THE FLESH MAKER

Thin Men and Scrawny Women Can Gain a Pound of Good, Solid Flesh Daily.

Money Back in Any Case Where Samose Fails to Increase Your Weight.

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Wilmington and the remarkable results following its use have made J. Hicks Bunting Drug Co., such enthusiastic believers in the great value of Samose that they give their personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but they have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well solely through the use of Samose, that they feel they cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

HOW TO GAIN HEALTHY FLESH

J. Hicks Bunting Drug Co., Advise Thin Folks to Use Samose

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. J. Hicks Bunting Drug Co., believe that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers and to induce them to use it, they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. (They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose. Ten days' treatment, 50 cents.

THIN FOLKS MADE FAT

Good healthy flesh can only be gained by the use of the proper food, together with natural action of the organs and assimilation. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy should use Samose, the great flesh-forming food and health restorer. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week. Large box for 50 cents.

Samose does not contain a particle of starch or pepsin nor is it any nauseating preparation such as is usually recommended to make people fat, and which does not build up good, healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, J. Hicks Bunting Drug Co., will refund your money without any quibbling.

MRS. S. A. BREWER DEAD

Passed Away Last Evening at Family Home on North Fourth Street

Mrs. Sarah A. Brewer, widow of Mr. S. A. Brewer, died at the family home, No. 417 North Fourth street, last evening at 7:30 after more than a year of illness. The remains will be taken to Wilson on the 6:45 train this evening and the funeral service will be held from the primitive Baptist church there at 4 o'clock tomorrow afternoon, interment being in Maplewood cemetery. Elder P. D. Gold, who baptized the deceased lady when she joined the Primitive Baptist church 38 years ago, and who officiated at her wedding, will conduct her funeral, assisted by Elder J. F. Farmer.

Mrs. Brewer was in her 62nd year and is survived by one son, Mr. J. Patrick Brewer, of Newbern, and two daughters, Missess Minda and Addye Brewer, of the city; two sisters, Mrs. Thomas Gwaltney, of Tarboro, and Mrs. B. T. Ammerson, of Wilson, and a brother, Mr. F. T. Mr. Green will be the first Democratic postmaster since the Cleveland days, when Col. Geo. L. Morton was appointed. Since Col. Morton, who now lives in Atlanta, there have served as postmaster the late Mr. W. H. Chadbourn, Mr. G. E. French and Miss Darby, who was succeeded by the then assistant postmaster, Mr. T. E. Wallace, incumbent.

EXCAVATING FOR HOTEL.

Work on Foundation of New Hostelry to Begin With the Week.

The work of excavating for a foundation for the new hotel to be erected at Front and Walnut streets by Mr. T. A. Green and Mr. Gresham, the latter of Charlotte, is well under way and it is expected that within about a week the work on the foundation will have started. The construction is in charge of Mr. J. G. Love, under the general supervision of Mr. Green. The hotel will have 150 rooms and will be modern in every particular. Its construction means a much needed increase in the hotel facilities of the city and the citizenship generally is highly pleased at the prospect of another hotel. It was long in the planning and after it had been pretty well decided upon, numerous aggravating delays occurred, but now actual work has begun and the building will be pushed to completion.

Have You Heard the Orchestra?

..Theatrical..

Just another big day at the popular Bijou, filled with the greatest in both the dramatic and comedy lines, and full of merry new music. All this plus the Bijou's solid comfort ways, which include free and hygienic ventilation, and for the small price of 5 cents admission, afternoon or night.

Yesterday the dismal weather failed to keep back big crowds, which had the pleasure of witnessing a tip-top show.

Today's menu of delicious things will be headed by Pathe's great Western story, "The Clutch of Conscience," which tells of gold-digging days, gambling dens and adventures a-horse that are thrillers. It is an intensely dramatic film, that will grip every heart.

A superb political photoplay also features today's big show and it is something out of the ordinary. It is "The Mayor's Waterloo," telling in vivid manner of tricks of politicians, of grafters and a great reform movement that wins out. The leading fun film on today is "The Title Cure," and it's a hummer for laughs, setting forth how a rich father, American to the core, hires three bogus foreigners to impersonate Barons and Dukes, to disgust his daughter with trying to marry a foreign title.

Six Great Pictures at the Grand.

Today will be "Big Six Day" at the Grand Theatre, for on this occasion six all new and interesting pictures will be shown and six that are alone in their class. Two of special interest appear on the Pathe programme. They are educational and interesting —"Radiography in Practice," and "The Life of Ants." Both are beautifully executed and will prove especially attractive to the young folks.

Two others are Vitagraphs, "Bunny Versus Cutey," a rip-roaring comedy in which John Bunny stars in his own inimitable way, and the other an educational feature, "Uses of Dynamite by the U. S. Corps." The latter illustrates some of the big undertakings by Uncle Sam and inasmuch as a great deal of government work is now going on both on the upper and lower Cape Fear, this picture will be especially pleasing.

Then there is still another big double photofilm and an all new and select programme by the Grand Orchestra of six pieces. As an overture the orchestra will play "Somebody Else is Getting It", by Von Tilzer; two selections, "Poet and Peasant", and "Maritana," both of which are familiar. Then there will be on the programme a waltz, "Garland of Old Fashioned Roses," by Keithley. This music will be appreciated by all who are so fortunate as to visit the Grand today.

MURCHISON BANK BUILDING.

Directors Will Erect Handsome Structure for Banking Business.

The directors of the Murchison National Bank, owners of the old Cape Fear Club property, at corner of Front and Chesnut streets, have planned to begin the construction of a very handsome and in all ways a modern building strictly for the purposes of the banking business. Work will likely commence about August 1st, as the club will probably be in its new home at corner of Second and Chesnut streets, by that time. It had been proposed to erect an office building of the modern type, but the directors finally decided on a structure that would be a home for the bank only. The estimated cost is around $100,000.

THE NEW HANDLE PLANT.

Buildings to be Erected by the Wilmington Handle Company.

The building plans of the Wilmington Handle Company, on Surry street, necessitated by the fire some time ago which destroyed a part of the plant, include one brick dry kiln, a brick boiler house, the remodeling of the present mill building into a modern saw mill 35x150 feet in size, and the construction of a new main plant 50x210 feet, the whole to cost around $30,000. A building permit has been applied for.

Large Number Excursionists.

Fully 600 people came into the city on the excursion from Clinton and other points and spent the day here. This was the first excursion of the season and was very successful. The visitors apparently preferred the sights of the city to those at Wrightsville Beach for it was learned that only about 75 of the excursionists, so far as known, visited the celebrated Atlantic resort.

S. S. Excursion to Beach

Although the weather was not propitious yesterday afternoon, the Sunday schools of the Brooklyn and Southside Baptist churches nevertheless turned out in almost full force for the free excursion to Wrightsville Beach, given by the Tidewater Power Co. The number of excursionists was 531.

COTTON MARKET CLOSE STEADY

Favorable Weather Reports Fail to Stimulate Any Aggressive Selling—Little Foreign Selling. Liquidation.

New York, May 27.—Favorable weather reports failed to stimulate any aggressive selling in the cotton market today and prices rallied on covering with the close steady at a net decline of 2 points on June, but generally from 2 to 8 points net higher.

The opening was steady, at a decline of 1 to 2 points in response to rather disappointing cables, a favorable view of weather conditions, expectations of a bearish weekly weather bureau, and a private crop report making the condition 84 per cent. against 78.9 last year, and a ten-year average June condition of 79.9. There was a little foreign selling and some scattering liquidation, but offerings were not heavy and there was enough demand to check the decline at about the opening figures.

A rally of 2 or 3 points was followed by some irregularity, but the market became more active and firmer during the early afternoon, with the old crop selling about six points above last night's figure, while the new crop showed gains of from 11 to 12 points on covering of shorts, and a moderate demand from trade sources. The weekly weather report was considered generally favorable except for a mention of temperature in the central belt, but evidently inspired no speculative pressure and the absence of selling orders helped to render shorts uneasy. Reports that the final figures of the National Ginners' Association made the condition of the crop only 80.7 per cent. and placed the increase in acreage at 3.2 per cent., seemed largely responsible for the flurry of covering on the early afternoon advance, while there was also a report from a Chicago source making the condition only 78.5 per cent. These reports were taken by some traders as indicating that the market had been discounting rather a more favorable condition figure from the Government next Monday than was likely to be received, but a good deal of cotton was encountered within five points of Monday's high record for October contracts and closing prices were 5 or 6 points off from the best.

Spot cotton, unchanged. Middling uplands, 12c.; sales, none.

Cotton futures closed steady.

No change will be made in the characteristics or general appearance of light vessel No. 94."

THE WHEAT PIT BULLISH

The Market Shows Weakness at the Opening and Close—Corn Makes Net Loss—Provisions Unchanged.

Chicago, May 27.—Dry weather complaints from both Northwest and the Southwest made sentiment bullish, most of the time today in the wheat pit. At the opening and close, however, the market showed weakness. Compared with last night's the finish ranged from ¼ decline to ⅝c.@¾c. advance. In corn there was a net loss of ⅜@⅝ to 2@2¼, and for oats, a fall of ¼ to ⅝c. Provisions wound up unchanged to 25c. higher.

LOW RECORDS ESTABLISHED

Institution of Receivership Proceedings Against St. Louis & San Francisco Railroad Co., Was Outstanding Feature.

New York, May 27.—An event long foreshadowed in financial and railroad circles—the proposed institution of receivership proceedings against the St. Louis and San Francisco Railroad Company was the outstanding feature of today's stock market. The companies' pressing financial needs and inability to get assistance found reflection during the past month in the steady decline of its various securities which reached a climax today in the establishing of a series of new low records.

Long before announcement of the proposed receivership was known, the common and preferred shares of the 'Frisco system were being liquidated as well as the 4 per cent. refunding bonds and the 5 per cent. general lien bonds. The latter declined 8 points, the 4s 3¾, the first preferred stock, 7, and the second preferred 3½, these quotations representing maximum losses from which little recovery was made in the course of the session. Chicago and Eastern Illinois certificates, in which the 'Frisco road has a substantial interest, fell 10 points. Receivers were appointed for the Chicago and Eastern Illinois in Chicago, after the closing hour here.

There was sympathetic weakness throughout the day in Rock Island issues, Missouri Pacific, Kansas City Southern and Denver and Rio Grande, common and preferred, which last two also sold at low record figures. The news from abroad was scarcely of a hopeful charater. London sold on balance here, to the extent of perhaps 10,000 shares.

The general bond market showed unusual firmness in the face of liquidation in 'Frisco and allied issues. United States government 2s, bonds, lost ½ on call. Total sales, par value, $1,572,000. Total sales, stocks, were 272,000 shares.

**UNITED STATES OF AMERICA, EASTern district of North Carolina, ss.: In the United States District Court in and for said District, Fourth Division.—In the matter of Ed. Taylor, of Wilmington, N. C., Voluntary Bankrupt. No. 182 In Bankruptcy. Petition for Discharge. To the Honorable H. G. Connor, Judge of the District Court of the United States for the Eastern District of North Carolina: Ed. Taylor, of Wilmington, in the County of New Hanover and State of North Carolina, in said District, respectfully represents that on the 17th day of April, 1913, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy. Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts payable against his estate under said bankrupt acts, except such debts as are exempted by law from such discharge. Dated this 22nd day of May, A. D. 1913.

ED. TAYLOR,
Bankrupt.

Order of Notice Thereon.

Eastern District of North Carolina, County of New Hanover, ss.: On this 27th day of May, A. D. 1913, on reading the foregoing petition, it is Ordered by the Court, That a hearing be had upon the same on the 27th day of June, 1913, before Geo. H. Howell, Esq., Special Master of said court, at Wilmington, N. C., in said District, at 11:00 o'clock in the forenoon; and that notice thereof be published in The Wilmington Star, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place, and show cause, if any they have, why the prayer of the said petitioner should not be granted. And it is further ordered by the Court, That the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residences as stated. Witness the Honorable H. G. Connor, Judge of the said Court, and the seal thereof, at Wilmington, N. C., in said district, on the 27th day of May, A. D. 1913.

Attest:

ROOSEVELT TAKES WITNESS STAND

(Continued from Page One.)

called to Mercy Hospital, Chicago, after Col. Roosevelt was shot.

He described the wound. None but a vigorous and healthy man could have stood the shock and loss of blood as did Col. Roosevelt," he said. "No alcoholic could have rallied as he did. He was not nervous, as an alcoholic would have been, and despite the pain, fell asleep and rested as quietly as a baby. Had he been a drinking man, his nervous system would have shown it; he might even have had delirium tremens. It is a fact that 50 per cent. of alcoholics who are wounded or shocked as Mr. Roosevelt was would have gone into delirium."

Witness spoke of hunting trips in Colorado, Montana, the Dakotas and in Louisiana, in which he was the plaintiff's companion. There was usually liquor in camp, but Roosevelt did not carry it. On these trips he remembered only once when his friend took a drink and that was a glass of champagne, taken at a dinner given to members of a hunting party on a train.

Dr. Rixey, as White House physician, viewed his responsibilities with great gravity and according to his testimony, fairly haunted the plaintiff during his seven years at Washington. He hovered over the President like an anxious mother over her infant, he visited him every morning and crept upon him at unconscious hours to see that the chief executive was not taking chances with his hours. He watched what the President ate and what he drank and generally supervised his diet. Dr. Rixey made one statement which caused the plaintiff to smile appreciably and to glance sharply at the jury to observe if they heard it.

That was when the witness said: "In the seven and a half years I was at the Whihe House he could not have gotten drunk without my knowing it."

Gilson Gardner said he had attended many public functions at which Col. Roosevelt had been the principal guest and had never seen him under the influence of liquor.

Mr. Riis asked if the former President ever had been under the influence of liquor in his presence, the sociologist replied with gusto: "Oh, Lord, no."

Asked if Mr. Roosevelt used coarse or profane language the witness replied sharply: "Mr. Roosevelt is a gentleman."

There was some discussion as to whether it was necessary to prove the gentility of the former President, but in the end the court ruled that it might be taken for granted.

Robert Bacon, James R. Garfield and Gifford Pinchot, probably will testify tomorrow, among others.

Sketches of His Life

Colonel Roosevelt, on the stand, after sketching his life said:

"I have never drunk a cocktail or a highball in my life. I don't smoke and I don't drink beer, because I dislike smoking and dislike the taste of beer. I never have drunk wsikey or brandy except when the doctor prescribed it, or possibly on some occasion after great exposure when I was chilled through. But it has been certainly 15 or 20 years since I have drunk it because of being chilled through.

"At home I often at dinner will drink a wine glass or two of wine glasses of Madera. At public dinners I sometimes drink a glass of champagne, or perhaps, two. I think that on the average this means that I will drink champagne about once a month.

Dislikes Whiskey

"While at the White House I never touched barndy, or whiskey excepting possibly half a dozen mint juleps a year, and possibly on two or three occasions when Dr. Rixey prescribed a drink of whiskey—once if I remember right, for an attack of acute indigestion and once when he and I had made a hundred miles together and came in through a storm and he gave me some whiskey and I disliked it so that after taking a sip I would not take any more and got a cup of tea instead.

"Outside of these prescriptions of Dr. Rixey, we usually had at lunch some white wine if there were guests.

"No man who knows me ever asked me to take any whiskey because they knew that under no circumstances did I take it. Neither while in the White House nor at any other time have I ever drunk or taken any kind of liquor between meals except as above described and in the White House I not only did not drink whiskey or brandy but I did not know where any whiskey or brandy was.

"I never in my life, while in the White House or anywhere else have ever left a room for the purpose of getting a drink between meals.

Was Never Intoxicated

"For the last 15 years I can give you in detail just about what I have drunk and neither during those 15 years or since I have been of age have I ever under any circumstances been in even the smallest degree under the influence of liquor."

Cross-examination of the Colonel was conducted by Horace Andrews, of the defense.

The former President said he had not been in Michigan except on a "flying trip" for eight or ten years, and that his acquaintance in Michigan was limited.

Q. "Did I understand you to say you have never taken anything in the way of intoxicating liquors?" the Colonel was asked.

A. "You did not so understand; you understood me to say that I did so only in small quantities."

Q. "The only spirituous or intoxicating liquors you took in general would be a little brandy with milk?"

A. "A teaspoonful in a tumbler full of milk."

Q. "You have never taken more than a dozen glasses of whiskey?"

A. "I did not drink a dozen glasses of whiskey in 15 years."

Q. "Do you keep wine of any kind in your house?"

A. "Yes."

Q. "Did you keep brandy and wine in the White House?"

Mr. Pound: "I object to that."

The court: "You may note an exception."

Roosevelt: "I continued to keep wine, I thought my predecessor had done so."

Q. "Did you whiskey, or have you drunk whiskey on your trips?"

A. "No, except as I have described, a teaspoonful in a glass of milk."

Q. "Now ,did you carry a flask of whiskey or brandy with you on your trips?"

A. "I did not."

Q. "Do you know Br. Wallace, of Detroit?"

A. "Yes, sir."

Q. "Had he anything to do with the bringing of this suit, if you know?"

A. "That I cannot tell."

Q. "Do you know who began this important suit?"

A. "I was in the Mercy Hospital, Chicago, at the time."

Q. "Did you know that Mr. Walace had charge of it, and did you know that he had charge of employing counsel?"

A. "That I could not say."

Q. "Was Mr. Pound employed by you, that is, employed by you personally?"

A. "No, he was not employed by me personally."

Q. "Do you know who paid for the expenses of taking testimony and all that? Did you stand that expense?"

A. "Yes."

Q. "And it has not been borne by any organization in the State of Michigan?"

A. "It has not."

Q. "Have you or any other person had charge of it?"

A. "Mr. Pound has had charge of it."

Mr. Andrews: "I think that is all."

Mr. Pound on re-direct examination, asked:

Q. "As I understand it, you have no recollection of having seen Mr Pound in Michigan or Chicago prior to the beginning of this suit, which was sometime in the month of October?"

A. "I have no recollection."

Q. "As a matter of fact, you communicated with Mr. Pound by letter as soon as you were sufficiently able to do so?"

(Objected to as leading by Mr. Andrews.)

Q. "I assume you take complete responsibility?"

Q. "No organization has any responsibility excepting myself. I have it all."

Q. "You have hired your attorneys and stood all the expenses in regard to this case?"

(Mr. Andrews objected to question as leading.)

The court: "It seems to me the question is leading."

This concluded the examination.

Dr. Rixey, surgeon general U. S. N., retired, who was the official White House physician for President McKinley and for Colonel Roosevelt, spoke in such a low voice that Attorney Pound admonished him to "please speak up." The spectators caught only little and most of the jurors leaned forward in their endeavor to hear.

Dr. Rixey testified that he saw President Roosevelt practically every day and sometimes oftener.

"Did you ever in your life see him under the influence of liquor?" asked Attorney Pound.

Dr. Rixey's voice for once became clearly audible as he answered:

"Never."

"Is he a frequent drinker?"

"He was as moderate a drinker as a man could be who drank anything at all."

"In the matter of wines and liquors, did the State dinners, of McKinley and of Roosevelt differ?"

"Not in the slightest."

Coming to the matter of milk punches which it had been testified was given the Colenel in mild form by medical direction, Dr. Rixey estimated that in the seven and one-half years at the White House, Mr. Roosevelt drank maybe 20 punches under his direction.

"He did not like them and fought me off when he could," said the witness.

Depositions Read

Depositions of Dr. John B. Murphy and Dr. Arthur D. Beven, of Chicago, were read as confirming the testimony of Dr. Lambert that while Colonel Roosevelt was at the Mercy Hospital in Chicago, suffering from the bullet wound, he showed no signs of having been an excessive user of alcoholic liquor. Dr. Murphy gave five reasons for saying that Colonel Roosevelt did not use liquors as follows: "The absence of alcoholic liquor odor on his breath."

"Because of the absence of enlargement of the liver."

"The absence of tremor of his hands in this period."

"The absence of bile."

"He had to have no stimulants of any kind during the progress of his case, and his nervous system was evenly balanced."

At 4:45 P. M., Judge Flannigan announced that court would adjourn until 9 o'clock tomorrow morning.

Keep Your Money

IN taking out a Certificate of Deposit at this Bank, you are actually keeping your money and at the same time placing it where it will earn interest. The Certificate of Deposit is better than a check, and is practically as convenient as cash in any business transaction. If lost, it is of no value to the finder, unless endorsed, and in case it is held three months or longer, it earns interest at the rate of 4% per annum.
